Income

Since 2005 the Company's income continues increasing in a steady growth. Income for the reporting period of 2008, increased by 8,5 per cent, compared to the 2007.

The major reason for the income increase is presentation of new collections, extensive marketing and sale policy and constant improvement of already existing ones.

The Company income distribution according to the geographical segments is as follows (Thousand LTL):

Sales	January – June 2008	January – June 2007	Change
Lithuania	17.563	18.285	-722
Latvia and Estonia	7.725	7.106	619
Ukraine	2.233	1.421	812
Russia	2.219	1.483	736
Belgium	1.227	1.252	-25
Poland	1.142	215	927
Uzbekistan	590	760	-170
Other countries	2.060	1.506	554
Total sales	34.759	32.028	2.731

The gross profit for the reporting period increased and reached 9.328 thousand Litas (in the comparing period of the year 2007 – 8.874 thousand Litas). The growth of the gross profitability (it reached 5,1 percent) was stipulated by the higher sales in Lithuania, Russia and Ukraine.

Dvarčionių Keramika AB continues holding the leading position at the Baltic States tiles market.

EBIDTA increased by 10,3 percent this reporting year and reached 5.579 thousand Litas. Though operational expenses increased, it was accompanied by lower pace of increase in operational expense as percentage from the total income: the gross profit increased by 5,1 percent in reporting period, while operational expenses rose less and reached 2,6 percent.

Operational expenses from the total sales was 22,0 percent in reporting period, while for the same period of the prior year operational expenses totaled 23,3 percent from the total sales. There was no change in depreciation and amortization expenses. An increased sales, gross profit and an effective control of operational expenses has a direct influence on EBITDA growth.

Operational and net margins were positive in the reporting period. Depreciation and amortization expenses, the same as in the prior period, totaled about 3,7 million Litas. The loss from financial and investment activities was worse than in prior period and reached – 1.181 thousand Litas (-1.117 thousand Litas in 2007). The result from financial and investment an activity was influenced by increase in interbanks offered interest rates in Lithuania.

An increase in operational performance

The Company is in constant search for the new opportunities to increase its internal process and controls due to growth in resource prices. The Company strives to utilize its full manufacturing capabilities and minimize an increase in manufacturing cost.
