

PRESS RELEASE

Helsingborg 10<sup>th</sup> July 2008

## Large orders to Nederman from Danish windmill manufacturing industry

Nederman's Danish sales company has during the week received new orders from the Danish Windmill manufacturers amounting to approx. MSEK 12. It is continued success for the Nederman solutions on dust treatment in composite grinding processes.

Sven Kristensson, CEO, Nederman Group: "The Danish windmill manufacturing industry expands by establishing new factories throughout the world. Through its global organization, Nederman has the local presence that enables them to participate with support during installations. After completion we are there to take care of service and other aftermarket needs. We are happy for the Danish windmill manufacturers and we are proud to be able to assist."
