The Nordic Exchange welcomes Prime Office

Copenhagen, July 10, 2008 – The Nordic Exchange, part of the NASDAQ OMX Group, Inc. (NASDAQ:NDAQ) announces the listing of Prime Office on the Nordic Exchange Copenhagen today. Prime Office is the ninth company to list on OMX Nordic Exchange's main market this year.

Prime Office primarily invests in office properties centrally located in German cities with more than 100,000 inhabitants. Prime Office focuses on location, the quality of the property and on the solidity of the lease-holders when making investments. At present time the company has one property as well as estate companies in Kiel and Lübeck. The company has invested in real-estate and has engaged in declarations of intent for a total amount of more than DKK 300 million, and the portfolio is expected to expand until 1st quarter of 2009.

"We are pleased to welcome Prime Office to the Nordic Exchange today. The company will become part of a big Financials sector here in Copenhagen and we are looking forward to seeing this listing support the company in reaching their goals. We are very satisfied with Prime Office's choice to list on the Nordic Exchange in order to support, among other things, their further development," says Carsten Borring, Head of Sales Denmark, OMX Listings & Capital Markets, Global Corporate Client Group.

"We are extremely happy with the result of our capital raise, with more than 650 investors. Getting that many investors, must be considered a success – especially when considering the weak market condition, which is why we did not get as much money as we expected. Generally speaking we are very pleased with the result as well as the entire IPO process," says Mogens V. Møller, CEO at Prime Office.

A round lot of shares in Prime Office, whose short name is PRIMOF, amounts to 100 shares. Prime Office is a Small Cap company in the Financials sector.
