HiQ signs new framework agreement with Ascom Sweden AB

HiQ has signed a new framework agreement with Ascom Sweden AB, which specialises in customized on-site wireless communication solutions. The agreement covers services that include development, testing and verification. The agreement will run for 1 year.

“We have been working with Ascom for a number of years, and are delighted with the new framework agreement. Over the years we have assisted Ascom with qualified services, primarily in quality assurance and software development, and we will continue to do so within the framework of the new agreement. We are looking forward to a continued positive collaboration,” says HiQ Account Manager Lars-Inge Stenberg.

“We are very pleased with HiQ’s work, and we have enjoyed a good cooperative relationship through the years. Now we are signing a new framework agreement, and looking forward to new projects during the year,” says Mats Espling, R&D Manager at Ascom.

Ascom Wireless Solutions offers the market exciting solutions that enable efficient communication in defined environments.

“HiQ has worked to develop and quality-assure advanced communication systems for various clients for over a decade, and we have solid know-how in this field. It is very inspiring to be given the opportunity to continue to assist our customer with that expertise,” continues Stenberg.

Ascom Wireless Solutions specialise in customized solutions for on-site wireless communication. The company’s solutions are based on smart integration with customers’ existing systems to enable more rapid responses to events within their operations. The solutions offer communication by voice, message and alarm. Ascom Wireless Solutions has customers in most sectors, ranging from industry to healthcare, criminal justice, geriatric care, hotels and shopping centres. Ascom Wireless Solutions, which is headquartered in Sweden, is a division of the Swiss Ascom Group. For more information, visit www.ascom.com/ws
