About Mangold Fondkommission: www.mangold.se

Lapland Goldminers AB is an exploration company and through the acquisition of the gold mine and processing plant Pahtavaara in Finland, also a producing mining company. The company is listed on the market place "First North" under the name GOLD, with Mangold Fondkommission AB as the Certified Adviser, as well as the OTC list of the Oslo exchange. Lapland Goldminers has secured a number of gold deposits along the so-called Guldlinjen ("The Gold Line") in Västerbotten, Sweden. The Company's strategy is to develop a profitable, producing gold company with a centrally located processing plant in Fäboliden, Sweden, in the Haveri area in Finland, and at Pahtavaara in northern Finland, which is supported by ore from one or several mines either through the Company's own exploration or alternatively through acquisitions. Lapland Goldminers is a member of SveMin, the trade association for mines, minerals and metal producers in Sweden and follows SveMin's reporting rules for public mining and exploration companies.
