24 June 2008

Announcement

SimCorp USA signs Canadian pension plan

SimCorp announces that SimCorp USA has entered into an agreement with Hospitals of Ontario Pension Plan (HOOPP), an industry leader amongst multi-employer plans that provides pension benefits for nearly a quarter of a million healthcare workers and retirees across Ontario.

HOOPP will use SimCorp's integrated software solution, SimCorp Dimension, for back office and accounting operations for all of their public market investments.

This new SimCorp Dimension order does not change the company's expectations to the year's result.
