Saab signs contract for anti-armour system

Saab has signed a contract for the AT4 CS anti-armour system. The order value is 30,5 million USD.

The AT4 is one of the most successful anti-armour weapons. The latest generation of AT4 is developed to further increase flexibility and areas of use.

Saab serves the global market with world-leading products, services and solutions ranging from military defence to civil security. Saab has operations and employees on all continents and constantly develops, adopts and improves new technology to meet customers' changing needs.
