President and CEO Jarmo Niemi:

"As we stated in our stock exchange release on 23 January 2009, we succeeded very well in completing delivery projects towards the end of last year, and as a result the final quarter of the year was exceptionally strong. Another consequence was that net sales in the first quarter being reported now were lower than in the previous year and the operating result was negative. The cash flow from operations was positive and cash funds were extremely strong.

"The first quarter for the Messaging business unit was weak, following the strong final quarter last year. The unit did not deliver any major new projects but won a new NGM customer in Africa. Net sales totalled EUR 4.9 million and the operating result was negative.

"During the first quarter, the Charging business unit saw good progress in the degree of completion for major projects started in the previous year and in the maintenance contract base. The net sales and result for the quarter improved from the previous year."

Unless otherwise stated, all figures presented below are for the review period 1-3/2009 and the figures for comparison are for the corresponding period 1-3/2008.

SALES AND NET SALES

Tecnomen's net sales in the review period decreased by 24.1 per cent to EUR 11.5 (15.2) million.

EUR 2.1 million of the sales in the review period has been recognised in accordance with IAS 11 (Construction contracts) and EUR 9.4 million in accordance with IAS 18 (Revenues).

Net sales by geographical area were: Americas 60.6 per cent (26.0 %), EMEA 32.7 per cent (50.5 %) and APAC 6.7 per cent (23.6 %).

Net sales by product line were: Messaging 42.3 per cent (81.7 %) and Charging 57.7 per cent (18.3 %).

Sales through global partners totalled EUR 1.3 (2.7) million or 11.6 per cent (17.6 %) of net sales.

Maintenance and service sales totalled EUR 3.9 (3.8) million or 33.8 per cent (25.0 %) of net sales.

The order book stood at EUR 11.7 (16.8) million at the end of the review period. Americas accounted for 31.4 per cent of the order book, EMEA for 56.7 per cent and APAC for 11.9 per cent.

OPERATING RESULT

Net sales in the review period totalled EUR 11.5 (15.2) million and the operating result EUR -1.7 (-0.4) million.

The effective completion of projects meant that net sales in 2008 were EUR 7.1 million higher than in the previous year. The recognition of major projects correspondingly reduced the order book at the end of 2008 and the net sales and operating profit for the first quarter of 2009.

Capitalisation of research and development costs and amortisation of these had the net impact of weakening the result by EUR 1.2 million compared to the previous year. The operating result in the review period was -14.9% (-2.6%) of net sales.

Tecnomen's business operations are based on project sales. The income and costs recorded for these vary considerably from one quarter to another. For this reason it is important to base an examination of the profitability of the company on the result for more than one quarter.

The result for the period before taxes was EUR -1.4 (-0.4) million.

Taxes for the period totalled EUR 0.3 (0.9) million, including a change in the deferred tax liability of EUR 0.1 (0.5) million recorded on the basis of the capitalization of R&D costs and withholding taxes recognised as parent company expenses of EUR 0.2 (0.2) million.

Earnings per share were EUR -0.03 (-0.02). Equity per share at the end of the period was EUR 1.38 (1.23).

FINANCING AND INVESTMENTS

Tecnomen's liquid funds totalled EUR 51.5 (11.8) million. Liquid funds include a loan of EUR 20.0 million raised at the end of 2008 to finance the Lifetree acquisition. The cash flow for the review period was EUR 0.3 million.

The balance sheet total on 31 March 2009 stood at EUR 117.4 (86.4) million. Interest-bearing liabilities were EUR 20.0 (0.0) million. The net debt to equity ratio (net gearing) was -38.5 per cent (-16.2 %). The balance sheet structure remained strong and the equity ratio on 31 March 2009 was 69.7 per cent (83.9 %).

Tecnomen's gross capital expenditure during the review period, excluding the capitalisation of development costs, was EUR 0.3 (0.2) million or 2.8 per cent (1.3 %) of net sales.

Financial income and expenses (net) during the year totalled EUR 0.3 (0.0) million. The increase in net financial income is mainly due to the exchange rate gains from US dollar deposits.

ANNUAL GENERAL MEETING

The Annual General Meeting of Tecnomen Corporation held on 19 March 2009 confirmed the financial statements and the consolidated financial statements for 2008 and discharged the Board of Directors and the President from liability for the financial year 2008.

Acquisition of Lifetree Convergence Ltd

The amendment is subject to the completion of the acquisition of the shares of Lifetree.

In addition the Annual General Meeting confirmed, in accordance with the proposal of the Board of Directors, that Article 4 of the Articles of Association be amended to read as follows:

"4 § The Board of Directors

The Company's administration and the due organization of its operations shall be entrusted to the Board of Directors, which shall consist of at least three (3) and at most eight (8) ordinary members elected by the General Meeting.

Issue of Stock Options

The Annual General meeting confirmed the proposal of the Board of Directors to issue stock options to key personnel of the Tecnomen Group and to a wholly owned subsidiary of the Company.

The stock options shall, in deviation from the shareholders' pre-emptive subscription rights, be issued to key personnel of the Group and to Tecnomen

Japan Oy, a wholly owned subsidiary of the Company. It is proposed to deviate from the shareholders' pre-emptive subscription rights since the stock options are to form part of the Group's incentive and commitment programme for key personnel, and therefore it can be considered that there is a weighty financial reason for the deviation.

The stock options will be issued without payment. It is proposed that a maximum of 6,840,036 options be issued. Of the stock options, 1,026,005 shall be marked with the symbol 2009A, 2,394,013 shall be marked with the symbol 2009B and 3,420,018 shall be marked with the symbol 2009C. Each option right entitles its holder to subscribe to one (1) share in the Company. As a result of the share subscriptions, the number of shares in the Company may be increased by a total maximum of 6,840,036 new shares.

The share subscription price is EUR 0.86, based on the volume weighted average price of the share quoted on the NASDAQ OMX Helsinki Ltd. during the four week period ending 17 November 2008. The share subscription period for stock option 2009A shall be 1 April 2009 - 31 March 2011, for stock option 2009B 1 April 2010 - 31 March 2012 and for stock option 2009C 1 April 2011 - 31 March 2013. Notwithstanding the aforesaid, the share subscription periods for a maximum of two-thirds (2/3) of the 2009B and 2009C stock options shall be conditional on the Company achieving its revenue and profitability targets set by the Board of Directors. The share subscription price will be credited to the reserve for invested unrestricted equity in its entirety.

Resolution on dividend payment

The Annual General Meeting resolved, in accordance with the proposal of the Board of Directors, to authorise the Board to decide on paying a dividend of EUR 0.07 per share for the financial year ended on 31 December 2008. The Board of Directors shall decide on the dividend record date and payment date. The Board has not yet taken the decision on the payout date of the dividend.

Board of Directors

The Annual General Meeting confirmed that the Board of Directors will consist of six (6) members. However, should the acquisition of the shares of Lifetree take place, eight (8) members will be elected. Johan Hammarén, Harri Koponen, Carl-Johan Numelin, Christer Sumelius and Hannu Turunen were re-elected as Board members and Pentti Heikkinen was elected as a new member. In addition, Atul Chopra and David K. White were elected as board members, subject to the completion of the acquisition. The term of office of Atul Chopra and David K White shall commence at the completion of the acquisition. In accordance with the decision taken by the Board at its formative meeting after the AGM, Hannu Turunen was elected chairman and Carl-Johan Numelin vice-chairman of the Board. The term of office of the Board members expires at the end of the first Annual General Meeting following the election.

The Company's own shares shall be acquired with unrestricted shareholders' equity otherwise than in proportion to the holdings of the shareholders through public trading of the securities on OMX Nordic Exchange Helsinki Ltd at the market price of the shares in public trading at the time of the acquisition. The shares can be acquired for the purpose of developing the capital structure of the Company, carrying out corporate acquisitions or other business arrangements

to develop the business of the Company, financing capital expenditure, to be used as part of the Company's incentive schemes, or to be otherwise retained in the possession of the Company, disposed of or nullified in the extent and manner decided by the Board of Directors. The Board of Directors will decide on other terms of the share acquisition. The authorisation shall replace the authorisation given by the Annual General Meeting on 12 March 2008 and will be valid for one year from the decision of the Annual General Meeting.

SEGMENT INFORMATION

As from 1 January 2009, Tecnomen is applying the new IFRS 8 standard. Like the former primary segments under IAS 14, Tecnomen Group's operating segments under IFRS 8 comprise the developing and supplying of messaging and charging solutions. The operating segments presented are the Messaging and Charging product lines. This is because these are clearly distinct businesses and they are monitored in the company's internal financial reporting as separate business units.

Adopting IFRS 8 has not changed the principles for defining the items to be reported or excluded for the segments. Tecnomen's chief operating decision maker, as referred to in IFRS 8, is the Group's management board. The operating results for the operating segments and administrative expenses form the Group's operating profit or loss.

STOCK OPTION PROGRAMMES

During the review period the Company's current stock option programme was the 2006 stock option programme. The situation concerning the stock options on 31 March 2009 was as follows:
