Open Link to Distribute Orc CameronFIX

CameronFIX to be provided with Open Link's Endur and Findur Trading, Risk Management, Operations and Portfolio Management Solutions

SIFMA Technology Management Conference Week, New York – Monday, June 9, 2008 – Orc Software (SSE: ORC), the leading global provider of technology for advanced derivatives trading and connectivity, today announced that Open Link Financial, Inc. ("Open Link") has signed a license to distribute Orc CameronFIX to clients with Open Link's solution suites.

Open Link, provider of cross-asset trading, risk management and operations processing software solutions, offers worldwide financial institutions front-through-back office solutions for supporting trading and settlement of Foreign Exchange, Fixed Income, Derivatives, and Commodities transactions.

Open Link will use Orc CameronFIX to enhance the ability to connect to third party systems and exchanges, leveraging Open Link's integration tools, especially its highly available and scalable Connex offering.

"Orc CameronFIX has proven itself in the market and we are pleased to make it available with our solution suites," notes Kevin Hesselbirg, CEO of Open Link. "Our clients demand reliable and high performance solutions, and distributing Orc CameronFIX with Open Link is another way for us to meet this demand."

"Open Link's financial markets solution has enjoyed considerable success, and we are pleased that they've chosen Orc CameronFIX to deploy with their applications," notes Steve Lukes, VP of Americas Sales for Orc Software. "Orc CameronFIX has become the industry standard in FIX solutions, and we expect Open Link's clients to see tremendous value through their use of Orc CameronFIX."

The world's leading banking and financial firms rely on the high performance trading capabilities of the Orc CameronFIX - the only globally proven FIX platform for brokers, fund managers, exchanges and software vendors across the securities, investment, banking and finance industries.

Orc Software is currently exhibiting at the SIFMA Technology Management Conference & Exhibit in New York and the IDX International Derivatives Expo in London.
