Q1 INTERIM REPORT – THE NYKREDIT REALKREDIT GROUP 1 JANUARY 2008 – 31 MARCH 2008

- Core earnings after loan impairment were DKK 847m against DKK 984m in Q1/2007
 - Earnings from customer-oriented activities matched expectations
 - Loan losses and arrears remained very low
 - The Bank recorded a capital loss of DKK 163m on bonds
- The investment portfolio was adversely affected by financial market turmoil leading to a loss of DKK 695m against an income of DKK 164m in Q1/2007
- Profit before tax was DKK 152m against DKK 1,148m in Q1/2007

FINANCIAL HIGHLIGHTS

- The Group's gross new mortgage lending rose by DKK 6bn to DKK 43bn in Q1/2008
- Bank lending went up by DKK 4bn to DKK 43bn relative to the beginning of the year.
- Group core income from business operations declined by DKK 72m to DKK 1,457m
- Core income from securities increased by DKK 80m to DKK 516m
- Operating costs, depreciation and amortisation went up by DKK 88m to DKK 1,141m
- Impairments totalled a net income of DKK 15m compared with DKK 72m in Q1/2007
- The investment portfolio generated a loss of DKK 695m against an income of DKK 164m in Q1/2007
- Value adjustment of strategic equities against equity resulted in a loss of DKK 695m
- Including profit for the period, the Group's equity was DKK 53.4bn
- The Group's capital adequacy ratio was 18.0% inclusive of profit for the period against a capital requirement of 13.4% under the Basel II transitional rules

2008 – OUTLOOK

- Financial market turmoil will have only a limited effect on the forecast of core earnings of DKK 4,200m-4,400m. Continued financial market turmoil is not expected to have a material impact on earnings in the business areas Retail Customers, Business Partners and Commercial Customers, whereas earnings in Markets & Asset Management may be adversely affected
- Investment portfolio income was estimated at DKK 400m-600m at the beginning of the year. The estimate is subject to great uncertainty due to continued turmoil in financial markets

Peter Engberg Jensen, Group Chief Executive, has the following comments on the Q1 Interim Report 2008:

– Earnings in customer-oriented activities have been stable despite financial market turmoil.

Customer creditworthiness is good, and losses and arrears are record low.

The Group's core income from business operations is therefore largely on a level with that of Q1/2007.

By contrast, the financial market turmoil has left its mark, particularly because we had not foreseen the marked yield spread widening between government bonds and high-rated mortgage bonds.

Q1 Interim Report 2008

Q1/2008

Nykredit's earnings in customer-oriented activities met expectations – and were not affected by the international liquidity and credit crisis. The quarter under review continued to be characterised by very low losses and arrears.

The impact of the international liquidity crisis on Nykredit's funding was insignificant due to Nykredit's use of the balance principle and an efficient Danish bond market. As expected, Nykredit sold bonds worth DKK 115bn to refinance ARMs at the beginning of the year and also sold newly issued bonds on a continuous and daily basis totalling DKK 30bn in Q1/2008.

The international credit crisis expanded credit spreads between mortgage bonds and European government bonds significantly in March. Further, equity prices declined – with financials taking the brunt.

Nykredit has large holdings of mortgage bonds and other AAA-rated bonds. The Group seeks to neutralise the interest rate risk of this bond portfolio through the sale of European government bonds, etc. Whenever mortgage and government bond spreads are expanding – like in March – such a portfolio will be loss-making.

THE NYKREDIT REALKREDIT GROUP RESULTS

The Group's core earnings after loan impairment were DKK 847m against DKK 984m in Q1/2007.

Core earnings in the business areas Retail Customers, Business Partners and Commercial Customers matched forecasts.

Due to the financial market turmoil, core earnings in Markets & Asset Management were a negative DKK 30m compared with a positive figure of DKK 137m in Q1/2007.

Group loan losses and arrears remained very low. Total impairments produced a net income of DKK 15m in the quarter under review.

The Group's investment portfolio generated a loss of DKK 695m against an income of DKK 164m in the same period the year before, chiefly due to wider yield spreads between mortgage bonds, etc and government bonds.

The portfolio of strategic equities, mainly in banks, which are value adjusted against equity, produced a loss of DKK 695m compared with an income of DKK 300m for Q1/2007.

The Group reported a pre-tax profit of DKK 152m for Q1/2008 against DKK 1,148m. Profit after tax was DKK 98m compared with DKK 849m.

Core earnings

Group core income from business operations was DKK 1,457m against DKK 1,529m for the same period the year before.

Core income from mortgage lending totalled DKK 1,029m compared with DKK 933m, which should be seen in the context of a rise of DKK 6bn in gross new lending to DKK 43bn. Measured at nominal value, Group mortgage lending rose by DKK 18bn to DKK 867bn in Q1/2008.

In terms of gross new lending, the Nykredit Group held a market share of 43.0% in the first three months of the year.

Core income from banking operations came to DKK 295m against DKK 452m for the same period the year before. The decline mainly stemmed from Markets & Asset Management, which recorded a decrease in core income from DKK 264m to DKK 118m.

Core income from insurance operations went up by DKK 10m to DKK 72m.

Core income from securities amounted to DKK 516m compared with DKK 436m in Q1/2007. Core income from securities is calculated on the basis of short-term money market rates averaging 4.1% in Q1/2008.

Operating costs, depreciation and amortisation rose, as expected, by DKK 88m to DKK 1,141m on account of higher staff numbers in Commercial Customers, Markets & Asset Management and IT.

Group loan impairments produced a net income of DKK 15m against DKK 72m in the same period the year before. Losses ascertained contributed DKK 2m to impairments compared with DKK 9m in the same period the year before.

At the settlement date in December, the Group's 75-day mortgage loan arrears as a

percentage of total mortgage payments due were 0.16%, which is unchanged compared with previous payment dates.

Investment portfolio income

The Group recorded a loss on its investment portfolio of DKK 695m against an income of DKK 164m in Q1/2007.

The investment portfolio of bonds, liquidity and interest rate instruments generated a loss of DKK 491m against an income of DKK 52m for the same period in 2007. Equities and equity instruments produced a loss of DKK 204m against an income of DKK 112m for the same period the year before.

The main reason for the decline in income from the portfolio of bonds, etc was yield spread widening between high-rated mortgage bonds, etc and government bonds.

A negative value adjustment of DKK 695m was made against equity due to a decline in the price of strategic equity investments in banks.

Tax

Tax on profit for the period is calculated at DKK 54m for the entire Group.

Financial risk

At 31 March 2008, Group Value-at-Risk stood at DKK 238m in terms of a 99% confidence interval over one day.

The Group's interest rate exposure in the event of a general interest rate change of 1 percentage point was DKK 556m. The equity price exposure in case of a general price decline of 10% was DKK 558m.

Subsidiaries

Totalkredit recorded a profit before tax of DKK 280m compared with DKK 236m for the same period the year before. For further information, please refer to Totalkredit's Q1 Interim Report 2008.

The Nykredit Bank Group realised a profit before tax of DKK 125m compared with DKK 320m for the same period the year before. For further information, please refer to the Q1 Interim Report 2008 of the Nykredit Bank Group.

Nykredit Forsikring (insurer) posted a profit before tax of DKK 30m against DKK 43m for the same period the year before. The technical

profit amounted to DKK 22m against DKK 13m in Q1/2007. A decline in investment returns due to a dividend distribution of DKK 800m in May 2007 affected the total profit of Nykredit Forsikring.

OUTLOOK FOR 2008

Financial market turmoil will have only a limited effect on the forecast of core earnings of DKK 4,200m-4,400m. Continued financial market turmoil is not expected to have a material impact on earnings in the business areas Retail Customers, Business Partners and Commercial Customers, whereas earnings in Markets & Asset Management may be adversely affected.

Investment portfolio income was estimated at DKK 400m-600m at the beginning of the year. The estimate is subject to great uncertainty due to continued turmoil in financial markets.

BUSINESS AREAS

The Group is organised into four business areas - Retail Customers, Business Partners, Commercial Customers and Markets & Asset Management. The activities of the business areas are coordinated across Group entities.

The business area **Retail Customers** covers activities aimed at retail customers through Nykredit's own distribution channels. Retail Customers realised core earnings before impairments of DKK 149m against DKK 172m in 2007. The figure includes gross new lending of just over DKK 5bn against DKK 6bn in 2007. Bank lending went up by just over DKK 0.5bn to DKK 8bn.

Business Partners is responsible primarily for the sale by business partners of mortgage loans to retail customers of Totalkredit arranged by Danish local and regional banks. Business Partners realised core earnings before impairments of DKK 93m against DKK 45m in 2007. These results reflect gross new lending of DKK 19bn against just below DKK 21bn the year before and include amortisation of DKK 87m relating to distribution rights.

Commercial Customers serves the agricultural, business and rental housing segments, including housing society dwellings and non-profit housing. Commercial Customers realised core earnings before impairment losses of DKK 361m against DKK 343m in 2007. Gross new mortgage lending amounted to DKK 19bn compared with DKK 9bn in 2007. Bank lending went up by almost DKK 3bn to DKK 32bn.

Markets & Asset Management handles the activities of the Nykredit Realkredit Group within trading in securities and financial instruments, debt capital, asset management and pension products. Core earnings in Markets & Asset Management were a loss of DKK 30m compared with a profit of DKK 137m in 2007. Core income declined by DKK 146m to DKK 118m, which was attributable to losses on Nykredit Bank's own risk taking.

Group items include income and expenses not directly attributable to the business areas.

BALANCE SHEET, EQUITY AND CAPITAL ADEQUACY OF THE NYKREDIT REALKREDIT GROUP

Balance sheet

The Group's balance sheet totalled DKK 1,088bn against DKK 1,075bn at the beginning of the year.

Group mortgage lending at fair value totalled DKK 847bn against DKK 823bn at the beginning of the year. Measured at nominal value, mortgage lending rose by DKK 18bn to DKK 867bn.

Bank lending excluding reverse transactions amounted to almost DKK 43bn at end-Q1/2008 – up by DKK 4bn.

Equity and dividend

Group equity, including recognition of profit for the period etc, stood at DKK 53.4bn at end-Q1/2008 compared with DKK 54.4bn at the beginning of the year.

In accordance with IAS 39, Nykredit has classified the Group's strategic equity investments as "available for sale" in its Consolidated Financial Statements. The strategic equity investments include equities in a number of Danish local and regional banks. These equities are value adjusted against equity on a continuous basis. The value adjustment against equity in the Consolidated Financial Statements came to a loss of DKK 695m. The value of equities classified as available-for-sale totalled DKK 4,265m.

CAPITAL ADEQUACY

The capital base and capital adequacy are determined using the new capital adequacy rules (Basel II).

The capital charge for credit risk is calculated on the basis of the most advanced IRB approaches for the most part of the loan portfolio.

All calculations made for each individual exposure in the portfolio are added up to a total capital adequacy requirement. The advanced credit models estimate probabilities of default (PDs), losses given defaults (LGDs) and exposure values (EVs).

Under the transitional rules, risk-weighted items and the capital charge may not decrease by more than 10% and 20% in 2008 and 2009, respectively, compared with the former rules.

According to the transitional rules, the capital requirement amounts to DKK 40.3bn equal to a capital adequacy ratio of at least 13.4%.

Basel II transitional rules			
Minimum capital requirement under the transitional rules ¹	40,309	-	-
Minimum capital adequacy under the transitional rules ²	13.4	-	-

¹ The capital requirement under the transitional rules has been determined as 90% of the capital requirement of Basel I pursuant to the transitional rules of the Danish Executive Order on Capital Adequacy.

² The minimum capital adequacy ratio under the transitional rules has been determined as the capital requirement under the transitional rules as % of risk-weighted items under Basel II. Therefore, the minimum capital adequacy ratio expresses the capital adequacy ratio required under the transitional rules.

Capital adequacy

Capital adequacy is the minimum capital base required in Management's opinion to cover all significant risk.

Nykredit's calculation of capital adequacy is based on the model calculations used in the determination of the capital charge. However, a statistical level of 99.97% is applied, equal to a Aa2-Aa3 rating. When calculating the capital requirement and capital adequacy ratio, a 99.9% confidence level is used.

Capital adequacy consists of Pillar I and Pillar II.

Pillar I capital covers credit risk, market risk, operational risk, insurance risk and risk relating to own properties.

Pillar II comprises capital to cover other risks as well as an increased statutory capital charge for credit and market risk during a mild recession. Under the new capital adequacy rules, the capital requirement increases with rising losses and arrears. Pillar II allows for this effect, just as it allows for any operating losses following a rise in impairments, etc. The capital charge relating to credit exposures is calculated on the basis of a thorough stress test of the loan portfolio.

At end-Q1/2008, capital adequacy came to DKK 29.0bn of which DKK 22.8bn concerned Pillar I and DKK 6.2bn Pillar II.

CAPITAL POLICY

Nykredit's objective is to be able to maintain its lending activities at an unchanged level regardless of economic trends.

Against this backdrop, Nykredit divides its equity of DKK 53.4bn into four elements:

- *Business capital* of DKK 29.0bn equal to the statutory capital adequacy requirement.
- *Cyclical buffer* of DKK 12.2bn covering the expected rise in the capital adequacy requirement should the economic climate change from mild to severe recession. The calculation of the cyclical buffer is based on the same thorough stress test as under Pillar II
- *Statutory capital deductions* relating to intangible assets of DKK 3.9bn.
- *Strategic capital* of DKK 8.3bn, the long-term capital maintained for strategic initiatives.

OTHER

Enlargement of Group Executive Board

Bente Overgaard, Executive Vice President, was appointed Group Managing Director and joined Nykredit's Group Executive Board on 1 March 2008. She is in charge of human resources, staff training, management and organisational development as well as the Group's facilities management functions.

The Group Executive Board currently consists of Peter Engberg Jensen, Group Chief Executive, and Søren Holm, Karsten Knudsen, Per Ladegaard, Bente Overgaard and Niels Tørslev, all Group Managing Directors.

Closer partnership with local and regional banks

In March 2008 Nykredit/Totalkredit offered the local and regional banks a new and broader partnership agreement, which constitutes an extension of the agreement from 2003 when Nykredit acquired Totalkredit.

The key element of the offer is that the final price of the Totalkredit shares is determined now rather than in 2010, as originally agreed.

The back payment will amount to DKK 1,460m after tax for settlement on 1 October 2012. Nykredit Realkredit provided DKK 750m for such liability in the Financial Statements for 2007. The provisions made for the back payment are offset by increased goodwill, etc and consequently reduce Nykredit's core capital. As at 1 April 2008, the Group's core capital ratio will thus be reduced by 0.3 percentage point to 16.9%.

The new partnership agreement has been adopted by the banks and will take effect on 1 April 2008 as agreed by the parties.

Under the new agreement, the Nykredit Group also offers the banks access to lending funded by mortgage bonds, covered bonds (SDOs) or covered mortgage bonds (SDROs) through Nykredit Bank, Nykredit Realkredit or Totalkredit. The banks' funding of new housing loans included in their own balance sheets up to 1 April 2010 through SDO issuance will take place via Nykredit/Totalkredit.

Under the new agreement, all partnership banks will apply a set-off model under which any losses incurred on the loans arranged by the banks are offset against future commission payments from Totalkredit. The transition from the former guarantee model to the set-off model increases the capital adequacy requirements of Nykredit/Totalkredit.

Nykredit/Totalkredit has in recent years developed a new web-based integrated advisory and production system, which will be key to the banks' housing advisory services and sale of Totalkredit loans.

Tax case

Nykredit Realkredit is party to a pending tax case which the Danish tax authorities have appealed to the Danish High Court. If the High Court also finds for Nykredit, deferred tax of DKK 200m will be recognised as income.

Uncertainty about recognition and measurement

The measurement of certain assets and liabilities is based on accounting estimates made by Group Management.

The areas in which assumptions and estimates significant to the financial statements have been made include provisions for loan and receivable impairment, unlisted financial instruments and other provisions, see the mention in the Annual Report for 2007.

In Management's opinion, the uncertainty relating to the above-mentioned matters is insignificant to the Q1 Interim Report 2008.

EVENTS OCCURRED AFTER THE END OF THE FINANCIAL PERIOD

Lån & Spar Bank a business partner of Totalkredit

Lån & Spar Bank will become a business partner of Totalkredit and will therefore get access to Totalkredit's Xportal. The bank will in future offer Totalkredit brand mortgage loans to its customers.

SEB divests Hellerup branch to Nykredit

SEB divests its branch in Hellerup with just over 1,000 retail customers to Nykredit Retail Customers with effect from 1 June 2008.

The divestment is part of SEB's focus on asset management.

No other material events have occurred in the period up to the presentation of the Q1 Interim Report 2008.

Statement by the Board of Directors and the Executive Board on the Interim Report

The Board of Directors and the Executive Board have today reviewed and approved the Interim Report for the period 1 January-31 March 2008 of Nykredit Realkredit A/S and the Nykredit Realkredit Group.

The Consolidated Financial Statements have been presented in accordance with IAS 34 "Interim Financial Reporting" as adopted by the EU. The Interim Report of the Parent Company has been prepared in accordance with the Danish Financial Business Act.

Further, the Interim Report has been prepared in accordance with additional Danish disclosure requirements for interim reports of issuers of listed bonds.

In our opinion, the Interim Report gives a true and fair review of the development in the activities and financial circumstances of the Group and the Parent Company as well as an adequate description of the material risk and uncertainty factors affecting the Group and the Parent Company.

We are furthermore of the opinion that the Interim Report gives a true and fair view of the Group's and the Parent Company's assets, liabilities, equity and financial position at 31 March 2008 and the results of the Group's and the Parent Company's activities as well as the Group's cash flows for the financial period 1 January – 31 March 2008.

Notes

1. ACCOUNTING POLICIES

The Consolidated Financial Statements have been prepared in accordance with IAS 34 Interim Financial Reporting as adopted by the EU and further Danish disclosure requirements for interim reports. Compliance with IAS 34 implies observance of the principles of recognition and measurement of the IFRS and a less detailed presentation relative to the presentation of annual reports.

With respect to recognition and measurement, the financial statements of the Parent Company have been prepared in accordance with the Executive Order on Financial Reports for Credit Institutions and Investment Companies, etc. issued by the Danish Financial Supervisory Authority, including the Executive Order on the application of IFRS by financial companies.

Compared with the Annual Report for 2007, the "Business capital" included in the business area reporting has been calculated according to the new principles. As from 1 January 2008, the business capital is based on the Basel II rules and meets the statutory capital adequacy requirement. Capital adequacy reflects the statutory requirement for the capital base with the addition of a projected capital charge for periods with mild recession. The business return has been calculated as the result relative to the business capital. Comparative figures have been restated.

In all other respects, the accounting policies of both the Group and Nykredit Realkredit A/S are unchanged compared with the Annual Report for 2007. A description of the Group's and the Parent Company's accounting policies in the Annual Report for 2007 is available at nykredit.com.

All figures in the Q1 Interim Report 2008 are presented in DKK million. The totals stated are calculated on the basis of actual figures. Due to rounding to the nearest whole million DKK, minor differences between the sum of individual figures and the stated totals may occur.

In Management's opinion, no new IAS/IFRS standards have been adopted that will substantially influence the financial reporting of the Company compared with the Annual Report for 2007.

The Q1 Interim Report has not been audited or reviewed.

23. RELATED PARTY TRANSACTIONS AND BALANCES

Foreningen Nykredit, the Parent Company Nykredit Holding A/S, group enterprises and associates of Nykredit Realkredit A/S, as stated under "Group structure", as well as Nykredit Realkredit A/S's Board of Directors, Executive Board and related parties thereof are regarded as related parties.

No unusual related party transactions occurred in Q1/2008.

The companies have entered into agreements as a natural part of the Group's day-to-day operations. The agreements typically involve finance, guarantees, insurance, sales commission, tasks relating to IT support and IT development projects, payroll and staff administration as well as other administrative tasks.

Intercompany trading in goods and services took place on an arm's length basis.

Significant related party transactions prevailing/entered into in Q1/2008 include:

Agreements between Nykredit Realkredit A/S and Nykredit Bank A/S

Master agreement on the terms for financial transactions relating to loans and deposits in the securities and money market areas.

Nykredit Realkredit A/S has provided Nykredit Bank A/S with subordinate loan capital.

Agreements between Nykredit Realkredit A/S and Totalkredit A/S

Master agreement on the terms applicable to transactions in the securities area.

Agreement on joint funding of mortgage loans.

Nykredit Realkredit A/S has provided Totalkredit A/S with subordinate loan capital.

Agreements between Nykredit Realkredit A/S and Nykredit Mægler A/S

Agreements on commission payable in connection with referral of lending business.

Agreements between Nykredit Realkredit A/S and Nykredit Forsikring A/S

Agreement on the employment of insurance agents at Nykredit Realkredit A/S centres, sales commission to Nykredit centres and agreement on the management of certain investments.

Agreements between Nykredit Realkredit A/S and JN Data A/S

Agreements on joint IT support etc.

Agreements between Nykredit Realkredit A/S and Nykredit Ejendomme A/S

Nykredit Realkredit A/S has granted a credit line to Nykredit Ejendomme A/S.

Agreements between Totalkredit A/S and Nykredit Mægler A/S

Agreements on commission payable in connection with referral of lending business.

Agreements between Nykredit Holding A/S and Nykredit Bank A/S

On specific occasions, Nykredit Holding A/S has issued guarantees or letters of comfort to third parties.

Nykredit Holding A/S has issued guarantees to Nykredit Bank A/S covering pre-fixed loss amounts with respect to some of the Bank's exposures.
