Tivoli, 17 January 2013

Tivoli A/S – Stock Exchange Announcement no. 2 – 17012013 Upward adjustment of expectations for profit before tax 2012

With attendance in 2012 reaching 4,033,000, which is the best since 2007, Tivoli adjusts the expectations for profit before tax for 2012 from DKK 30 million to DKK 40 million.

"It is especially satisfactory to be able to make this adjustment of the expectations taking the current economic climate into consideration. Multiple factors contribute to the good result: attendance, ticket sales for shows and concerts, and a good year for the Tivoli restaurants," says Tivoli CEO Lars Liebst

Tivoli's summer season begins 11 April 2013. By that time the new, 1300 square meters large area with 2 new rides, the design inspired by Danish astronomer Tycho Brahe, will be finished. The Annual Report will be out 21 March.

Sincerely
TIVOLI
