IT – NASDAQ OMX Commodities FTP Discontinuation

This IT Notice is aimed at Commodities users of the Genium INET platform. The member extranet http://nordic.nasdaqomxtrader.com/memberextranet/genium_inet/ is always updated with the latest Genium INET related documentation.

The NASDAQ OMX Commodities data will be migrated to a common NASDAQ OMX FTP server – the date for the cutover is April 15th 2013.

Clients can define their own migration from the existing FTP server (ftp.nordpool.com) to the common FTP server (ftp.nordic.nasdaqomxtrader.com), but this migration must be completed by April 15th 2013.

The change will affect parties that currently use the service to fetch the following data:

- SPAN files (<ftp://ftp.nordpool.com/NECH/SPAN/>)
- Volatility and correlation matrices (<ftp://ftp.nordpool.com/NECH/Risk/>)
- Product calendar (ftp://ftp.nordpool.com/Information/Product_calendar/)
- ISIN code mappings (ftp://ftp.nordpool.com/ISIN_codes/mifid.txt)

The ISIN Code mappings (mifid.txt) will be replaced by the SRM report called "Series Information" and is available via Clearing Workstation, CW1 and CW2 and cannot be retrieved from the new FTP server

<ftp.nordic.nasdaqomxtrader.com>.

If you need access to Clearing Workstation please contact Member Services at ms.geniuminet@nasdaqomx.com.

Migration to ftp.nordic.nasdaqomxtrader.com

The below table shows where data is stored on the new server.
