## Saab gives notice to 45 employees in Denmark

**At the beginning of April, 70 people employed by Air/Land Systems at Saab Denmark A/S were given notice. The reason was the cancellation of the DACCIS contract.**

After negotiations with employee representatives 45 employees, mainly at the Copenhagen office, have now been made redundant. Saab Denmark's other activities have not been affected.

*Saab serves the global market with world-leading products, services and solutions ranging from military defence to civil security. Saab has operations and employees on all continents and constantly develops, adopts and improves new technology to meet customers' changing needs.*
