

GENMAB TO ATTEND TWO MAY INVESTOR CONFERENCES

Summary: Genmab's management will attend the Merrill Lynch Pan European Biotech and Medical Devices One-on-One Forum on May 15 and the 2008 Citi Investment Research Global Health Care Conference on May 21, 2008.

Copenhagen, Denmark; May 6, 2008 – Genmab A/S (OMX: GEN) announced today its management will attend two investor conferences in May 2008. Professor Jan van de Winkel, President, Research & Development & Chief Scientific Officer and Chief Operating Officer, Claus Møller will attend the Merrill Lynch Pan European Biotech and Medical Devices One-on-One Forum in London, UK on May 15. Lisa N. Drakeman, Ph.D., Chief Executive Officer of Genmab, will present at the 2008 Citi Investment Research Global Health Care Conference in New York, NY, USA on May 21 at 11:30AM EDT. Dr. Drakeman's presentation will be available via live and archived webcast at www.genmab.com.

About Genmab A/S

Genmab is a leading international biotechnology company focused on developing fully human antibody therapeutics for unmet medical needs. Using cutting-edge antibody technology, Genmab's world class discovery, development and manufacturing teams have created and developed an extensive pipeline of products for potential treatment of a variety of diseases including cancer and autoimmune disorders. As Genmab advances towards a commercial future, we remain committed to our primary goal of improving the lives of patients who are in urgent need of new treatment options. For more information on Genmab's products and technology, visit www.genmab.com.

This press release contains forward looking statements. The words "believe", "expect", "anticipate", "intend" and "plan" and similar expressions identify forward looking statements. Actual results or performance may differ materially from any future results or performance expressed or implied by such statements. The important factors that could cause our actual results or performance to differ materially include, among others, risks associated with product discovery and development, uncertainties related to the outcome and conduct of clinical trials including unforeseen safety issues, uncertainties related to product manufacturing, the lack of market acceptance of our products, our inability to manage growth, the competitive environment in relation to our business area and markets, our inability to attract and retain suitably qualified personnel, the unenforceability or lack of protection of our patents and proprietary rights, our relationships with affiliated entities, changes and developments in technology which may render our products obsolete, and other factors. Genmab is not under an obligation to up-date statements regarding the future following the publication of this release; nor to confirm such statements in relation to actual results, unless this is required by law.
