

IT 52/13**IT - Instruments market change from STO Certificates to STO Structured Products Units**

The member extranet

(http://nordic.nasdaqomxtrader.com/memberextranet/genium_inet/) contains the newest project related documentation such as API changes, connectivity information, test specifications and market model documents.

As of June 19th, 2013, Unit Papers instruments listed on the STO Certificates market will be moved from the INET system and will be available on Genium INET platform, on the market STO Structured Products Units.

	Current platform	New platform
System	INET	Genium INET
Market	STO Certificates	STO Structured Products Units
Market code	160	167

The list with the specific ISIN codes will be sent in an exchange-notice, closer to the migration.

The STO Structured Product Units can be tested in Genium INET External Test System 3 (EXT3) from June 4th, 2013. Please contact member services to get access to EXT3 or if you experiencing any issues with your user.
