# Rejlers helps Savonlinna town with energy- efficient solutions

**Rejlers in Finland has been commissioned to develop energy efficient solutions for Savonlinna office buildings and business premises. The contract is worth EUR 170 000.**

Rejlers has previously conducted energy inspections for large parts of the Savonlinna properties. The goal of the project is to save energy costs of 9 percent per year. Savonlinna city has signed an energy efficiency agreement with the Ministry of Enterprise in Finland for the period 2008-2016.
