

Eolus sale of 14 wind turbines to Munich Re has been completed

Hässleholm, July 11th 2013

All conditions for the completion of the transaction between Eolus and MEAG regarding sales of 14 wind turbines to Munich Re have been fulfilled and the transaction has been completed.

On May 23rd an agreement was signed regarding sales from Eolus to MEAG, Munich Re:s asset manager, of the three Swedish wind farms Hakarp, Kaptensberget and Åsen. The wind farms have an installed capacity of 30 MW and an annual production of about 80 GWh. An agreement has also been made under which Eolus will provide asset management services to the buyer related to the three wind farms. All remaining conditions have now been fulfilled and the transaction has been completed.

About MEAG:

MEAG stands for best practice asset management for Munich Re and ERGO. MEAG is represented in Europe, Asia and North America and also offers its extensive know-how to institutional investors and private clients from outside the Group. MEAG currently manages assets to the value of around € 239 billion.
