

**PRESS RELEASE**

**Halmstad 9 September, 2013**

## **Skogaby wind farm commissioned**

In the weekend the first two of the four wind turbines in the Skogaby wind farm in Laholm municipality were taken into operation. The construction project is running schedule and is slightly below budget. The wind farm is expected to be fully operational before the end of September.

At the Stjärnarp wind farm in the municipality of Halmstad work has begun on assembling the three wind turbines. This project is also running to schedule and is slightly below budget. Commissioning is scheduled for September and the wind farm is expected to be fully operational in October.

#### **About Arise**

*Arise is one of Sweden's leading companies in onshore wind power. Its business concept is to sell electricity generated at the company's own wind turbines. The company's target is to have 1,000 MW of onshore wind power constructed and under management by 2017, of which 500 MW will remain in the ownership of the company. Arise is listed on NASDAQ OMX Stockholm.*
