INFORMATIONAL MESSAGE: "TAX REFUND FROM INVESTMENT IN SECURITIES"

2008 April 11th, Vilnius. State Tax Inspectorate under the Ministry of Finance of the Republic of Lithuania (hereafter - STI) notifies that if STI does not receive full information on trading of securities from the third parties, the declarers of income from selling and buying securities are required to provide the data of the transactions. The residents are personally informed about this before the tax refund and further on they communicate directly to STI specialists.

STI reminds that income from selling securities, irrespective of what type of securities and who pays the income, is always classified as B-type income and the resident is to declare, calculate and pay the income tax himself.

This year the income received from trading securities in 2007 is to be declared by 6th May by submitting appendix T or N of the form GPM305. It is not applicable to temporary residents of Lithuania.

More information on declaration of income is available by calling Tax Information Centre by telephone **1882** or by visiting STI website: www.vmi.lt
