

PRESS RELEASE

Halmstad 11 November, 2013

Power Production October 2013 – 65.7 GWh

Now the autumn is here, and we get at higher power production of our wind turbines.

Better winds than normal resulted in an electricity production of around 65,700 MWh¹. Actual output in the same month the previous year was around 29,700 MWh.

¹ Including leased wind farms.

About Arise

Arise is one of Sweden's leading companies in onshore wind power. Its business concept is to sell electricity generated at the company's own wind turbines. The company's target is to have 1,000 MW of onshore wind power constructed and under management by 2017, of which 500 MW will remain in the ownership of the company. Arise is listed on NASDAQ OMX Stockholm.
