

Nederman receives order worth SEK 25 million.

Nederman has received an order from Kremenchuk Steel Works Stockholding Company in Ukraine to supply complete solutions for the filtration of gas dust from their steel making furnaces. The order is worth SEK 25 million.

The order includes filters, cabinets, installation and training and everything will be produced at the Nederman manufacturing unit in Poland.

“This is a substantial order and it shows that our customers value our ability to create eco-efficient production for them with both financial and environmental benefits,” says Sven Kristensson, Nederman’s CEO.

The order is booked in the fourth quarter and installation is planned for the first six months of 2014.

Kremenchuk Steel Works Stockholding Company manufactures and supplies cast parts for four-wheel and six-wheel goods wagon bogies, and automatic coupling devices in Ukraine and internationally. The company was founded in 1962 and is based in Kremenchug, Ukraine.
