ICA to publish monthly store sales

Starting in January 2014 ICA Sweden will publish sales performance in the Swedish ICA stores on a monthly basis. The first time monthly sales will reported will be Wednesday, 12 February 2014, when store sales for January 2014 will be disclosed.

The reason for publishing store sales in Sweden on a monthly basis is that this is an important benchmark for those ICA stores which are owned and operated by individual retailers.
