

Swedish player unlocks first Mega Fortune Touch mobile jackpot

February 6th, 2014 – Net Entertainment is proud to announce its first ever progressive mobile jackpot payout of 658,148 EUR after a Swedish player hit the Mega Fortune Touch™ top prize at Betsson mobile casino on Saturday 25th January.

Mega Fortune Touch is one of the cornerstone products in the Net Entertainment Touch™ portfolio and it's been very well received by our customers and their players.

The game brings together a high degree of entertainment and excitement. Mega Fortune Touch™ has terrific gameplay quality and uses the latest technology in HTML5 to suite a wide variety of different mobile devices.

Net Entertainment offers a seamless Mega Fortune™ experience over PC, Smartphones, and mobile tablets. Other notable life changing progressive online jackpots from the Net Entertainment portfolio include Hall of Gods™ and Arabian Nights™, which both offer multi million euro payouts.

“Mega Fortune Touch launched at the end of last year, and considering the high volume of players on this version, it's great we can already congratulate the very first winner, and Betsson for this achievement. Our ability to offer our partners and their players a seamless Mega Fortune experience over multiple device channels adds further liquidity to the product, and I am positive we will see another mobile jackpot fall soon.” comments **Per Eriksson**, President and CEO of Net Entertainment.
