# Rejlers executes targeted new share issue

**Today Rejlers announces that the Board of Directors, with the authorization of the Annual General Meeting from May 2<sup>nd</sup> 2013, has decided to issue a total of 900,000 new shares of Class B in Rejlers with deviation from the shareholders' preferential rights to funds managed by Nordea Fonder AB. The issue has been subscribed by Nordea Fonder AB.**

The shares will be issued to a price of 94.50 Swedish Crowns per share, which means that the company will be provided with approximately 85 million Swedish Crowns before issue costs. The issue price gives a discount of 0.6 % compared to the volume weighted average price for Rejlers B shares during the period February 5, 2014 to February 18, 2014.

The reason for deviation from the shareholders' preferential rights is that the Board considers it to be beneficial for the company and shareholders to safeguard the possibility that, at for the company attractive terms, bring new capital and enable refinancing of prior acquisitions and future acquisitions. The Board believes all together that the targeted new share issue will help to create value for all shareholders.

"This is a good way for us to continue to develop our company. A strong financial position is a presumption for success", says Peter Rejler, Chairman of the Board at Rejlers.

Through the new share issue the shares in Rejlers will increase by 900,000 from 11,421,721 to 12,321,721 divided on 1,251,250 shares of Class A and 11,070,471 shares of Class B. The total number of votes will increase with 900,000 from 22,682,971 votes to 23,582,971 votes. Through the new share issue the share capital increases by SEK 1.8 million to 24,643,442 SEK. The new share issues correspond approximately 7.3 per cent of the share capital and approximately 3.8 per cent of the shares in the company after the new share issue. Payment of the subscribed shares shall be made not later than February 25, 2014. The Board is entitled to decide on extension of the payment period.
