TrustBuddy Guiding 2014: Aim for P2P lending turnover of SEK 1,5 billion

TrustBuddy, the world's largest Peer-to-Peer Lending company within the payday loan segment today announces its year-end results as well as outlook for 2014. For full report see www.trustbuddyinternational.com

TrustBuddy expect 2014 to be the sixth consecutive year of strong growth for the Company. This is already evident from the recently reported growth in loan volumes in January 2014; which came in 25% ahead of the previous month.

TrustBuddy expect our growth to benefit from the investments made into the new and highly efficient P2P-platform and systems in 2013, which will enable roll-outs of improvements in convenience for our users, further European penetration and facilitate ongoing and future product development.

TrustBuddy anticipate that significant institutional capital will be deployed on the platform in the 2nd Quarter of 2014, which will drive material volume growth.

Guidance: TrustBuddy expect full year 2014 lending volume to reach the amount of SEK 1,5 Billion. The lending volume is expected to increase exponentially through the year with the largest part during 2H 2014.
