Scania publishes Annual Report for 2013

Scania's annual report for 2013 is available from today on www.scania.com

The annual report describes, among other things, Scania's operations, strategy and financial performance and is available in English and Swedish.

Please note the following:

- The Annual General Meeting 2014 will be held in June and not on 7 May as stated in the Annual Report 2013. This also means that the record date, last day for trading shares that include the dividend and the payment date regarding the proposed dividend will be moved. As soon as the new dates are set, they will be published on www.scania.com.
- The Interim Report for January–March 2014 will be published on 11 April, and not on 25 April.

Distribution of the printed version is under way to the shareholders and other stakeholders who have chosen to receive it.

It is possible to order the annual report and other financial information via Investor Relations, www.scania.com/ir

Scania is one of the world's leading manufacturers of trucks and buses for heavy transport applications, and of industrial and marine engines. Service-related products account for a growing proportion of the company's operations, assuring Scania customers of cost-effective transport solutions and maximum uptime. Scania also offers financial services. Employing some 41,000 people, the company operates in about 100 countries. Research and development activities are concentrated in Sweden, while production takes place in Europe and South America, with facilities for global interchange of both components and complete vehicles. In 2013, net sales totalled SEK 86.8 billion and net income amounted to SEK 6.2 billion. Scania press releases are available on www.scania.com.
