17. Incentive program for certain members of executive management – warrants 2014.

The board proposes that the Annual General Meeting establishes an incentive program to certain members of executive management of the Group.

The reason for the proposal and the deviation from the shareholders' preferential rights is the following. The board of directors has found it both a pressing matter and in the interests of all shareholders to increase the responsibility and create a greater participatory interest for the members of the management and other key employees of the Group as regards the Company's and its subsidiaries' development and to ensure that these important employees share the goal of generating profitable and value creating growth. It is furthermore pressing to motivate continued employment in the Group. Based on this background the board of directors proposes the following incentive scheme, which is presented below.

The offer shall be addressed to the following members of executive management:

CEO, Denis Alexandrov, will be offered 154,000 warrants;
Chief Investment Officer, Max Yacoub, will be offered 33,000 warrants;
Head of HR, Sergey Shumilov, will be offered 33,000 warrants.

In total a maximum of 220,000 warrants shall be issued, with deviation from the shareholders' preferential rights, to the members of executive management participating in the program or to such legal person as a participant of the program may appoint and which is controlled by him or of which he is the ultimate beneficial owner. The warrants shall be issued free of charge. Subscription for the warrants shall be made latest on 30 June 2014. Each warrant gives the right to subscribe for one (1) share in the Company, each with a quotient value of SEK 11.25. Subscription for shares through exercise of warrants for subscription shall be possible to make from the date of registration of the warrants with the Companies Registration Office until 30 September 2014. Subscription for shares shall be made at a strike price per share equal to the quotient value of the share, presently SEK 11.25. At full use of the warrants the Company's share capital may be increased by no more than SEK 2,475,000. The reason for deviation from the shareholders' preferential rights is to implement the incentive program mentioned above.

18. Incentive program for members of executive management and other employees - employee stock options and warrants 2014/2019 series I.

The board proposes that the Annual General Meeting establishes an incentive program to a number of employees of the Group.

The reason for the proposal and the deviation from the shareholders' preferential rights is the following. The board of directors has found it both a pressing matter and in the interests of all shareholders to increase the responsibility and create a greater participatory interest for the members of the management and other key employees of the Group as regards the Company's and its subsidiaries' development and to ensure that these important employees share the goal of generating profitable and value creating growth. It is furthermore pressing to motivate continued employment in the Group. Based on this background the board of directors proposes the following incentive scheme, which is presented below.

The offer shall be addressed to 15 people.

The persons invited to participate in the program shall be divided into two groups as follows:

Group 1, members of the management

CEO, Denis Alexandrov, will be offered 90,000 employee stock options

Head of HR, Sergey Shumilov, will be offered 60,000 employee stock options

Chief Investment Officer, Max Yacoub, will be offered 60,000 employee stock options

Chief Operating Officer, Vasily Makarov, will be offered 80,000 employee stock options

Chief Geologist, Vladimir Churin, will be offered 40,000 employee stock options

Group General Counsel, Ekaterina Babaeva, will be offered 60,000 employee stock options

Group 2, other key employees

General Director of LLC Tardan Gold, Sergey Baykalov, will be offered 20,000 employee stock options. The specialists Anatoly Petrenko, Alexander Fedotov, Alexander Zabolotskiy, Elena Babkina, Marina Makarova, Oksana Boldyreva will be offered 10,000 employee stock options per person and Anton Glazunov and Ekaterina Popova will be offered 5,000 employee stock options per person.

The participants of the program will be offered to, free of charge, acquire employee stock options. Each employee stock option carries the right for the holder to purchase one (1) share in the Company. Each share shall be transferred at a price equal to average closing market price of the Company's shares during the twenty (20) trading days preceding 13 May 2014 (the date of Annual General Meeting) but not less than the quotient value of the share. The employee stock options may be used until 13 May 2019 with the right for the holder of the employee stock options to call upon the warrant right from the date of vesting and until 13 May 2019.

The employee stock options are not transferrable other than to a legal person appointed by the person participating in the incentive program and which is controlled by him or for which he is the ultimate beneficial owner. Full use of the employee stock options requires that the person in question remains employed by the Group until such time when all employee stock options granted to such person have been vested. One third of the granted employee stock options will be vested on 13 May 2015, one third on 13 May 2016 and the final third on 13 May 2017.

It is suggested that the scope of the program shall not exceed 480,000 employee stock options.

In order to secure that the Company can fulfill its obligations to deliver shares when a holder of the employee stock options wishes to subscribe for them, it is proposed by the Board to the Annual General Meeting to approve the issue of maximum 480,000 warrants and to approve that they be further transferred as follows. The right to subscribe for warrants shall, with deviation from the preferential rights of the shareholders belong to the wholly owned subsidiary LLC "Auriant Management" for transfer (i) directly to the abovementioned persons participating in the program or such legal person as the respective individual may appoint and which is controlled by him or of which he is the ultimate beneficial owner and (ii) to another wholly owned subsidiary of the Company and thereafter to persons mentioned above. Subscription for warrants shall be possible to be made latest on 30 June 2014. The warrants shall be issued free of charge and shall also be transferred in accordance with the above provisions free of charge. Each warrant gives the right to subscribe for one (1) share in the Company, each with a quotient value of SEK 11.25. Subscription for shares through exercise of warrants for subscription shall be possible to make from the date of registration with the Companies Registration Office until 13 May 2019. Subscription for shares shall be made at a strike price per share equal to average market closing price of the Company's shares during the twenty (20) trading days preceding 13 May 2014 (the date of Annual General Meeting), but not less than the quotient value of the share. At full use of the warrants the Company's share capital may be increased by no more than SEK 5,400,000.

The reason for deviation from the shareholders' preferential rights is to implement the incentive program mentioned above.

PROPOSALS FROM SHAREHOLDERS

19. Resolution on the incentive program for the members of the board - stock options and warrants 2014/2019 series II.

The Company has been successful in recruiting Non-Executive Directors who are highly qualified and experienced. For a company the size of Auriant to be able to attract such quality individuals, a key factor has been the potential offering of warrants. Furthermore, this method of reward will save cash for the Company that, as a growing junior mining company, has limited free cash flow and thus, is not in a position to offer higher Board fees or synthetic stocks to Board members. The ownership of these warrants will also align the interest of the Non-Executive Directors to those of the shareholders. It should also be noted that in the world mining industry, share options are widely used for motivation of board members. Hence a shareholder representing 52.32% of the shares and votes in the Company proposes the incentive scheme, which is presented below.

The offer shall be addressed to the members of the Board who are proposed for re-election, namely Andre Bekker, Peter Daresbury, Ingmar Haga, and Bertil Villard.

The extent of the program is proposed to be no more than 160,000 stock options, where the Board members participating in the program shall be offered 40,000 stock options each.

The participants of the program shall be offered to, free of charge, acquire stock options. Each stock option carries the right for the holder to purchase one (1) share in the Company. Each share shall be transferred at a price per share equal to average closing market price of the Company's shares during the twenty (20) trading days preceding 13 May 2014 (the date of Annual General Meeting) but not less than the quotient value of the share. The stock options may be used until 13 May 2019 with the right for the holder of the stock options to call upon the warrant right from the date of vesting and until 13 May 2019.

The stock options are not transferrable other than to a legal person appointed by the person participating in the incentive program and which is controlled by him or for which he is the ultimate beneficial owner. Full use of the stock options requires that the person in question remains a member of the Board of Directors of the Company until such time when all stock options granted to such person have been vested. One third of the granted stock options will be vested on 13 May 2015, one third on 13 May 2016 and the final third on 13 May 2017.

In order to secure that the Company can fulfill its obligations to deliver shares when a holder of the Stock Options wishes to subscribe for them, it is proposed by the shareholder to the Annual General Meeting to approve the issue of maximum 160,000 warrants and to approve that they be further transferred as follows.

The right to subscribe for warrants shall, with deviation from the preferential rights of the shareholders belong to the wholly owned subsidiary LLC “Auriant Management” for transfer

(i) directly to Andre Bekker, Peter Daresbury, Ingmar Haga and Bertil Villard or such legal person as the respective individual may appoint and which is controlled by him or of which he is the ultimate beneficial owner and (ii) to another wholly owned subsidiary of the Company and thereafter to persons mentioned above. Subscription for the warrants shall be made latest on 30 June 2014. The warrants shall be issued free of charge and shall also be transferred in accordance with the above provisions free of charge. Each warrant gives the right to subscribe for one (1) share in the Company, each with a quotient value of SEK 11.25. Subscription for shares through exercise of warrants for subscription shall be possible to make from the date of registration of the warrants with the Companies Registration Office until 13 May 2019. Subscription for shares shall be made at a strike price per share equal to the average market closing price of the Company’s shares during the twenty (20) trading days preceding 13 May 2014 (the date of Annual General Meeting), but not less than the quotient value of the share. At full use of the warrants the Company’s share capital may be increased by no more than SEK 1,800,000.

The reason for the deviation from the preferential rights of the shareholders is to implement the stock option program described above.

20. Resolution on change of terms in previously issued warrant programs

In order for the Company to achieve efficient management of issued incentive schemes and to optimize the value for the holders of warrants and stock options (with underlying warrants) in the Company a shareholder representing 52.32% of the shares and votes in the Company proposes the following changes to previously issued warrant programs.

The Company currently has the following warrant programs issued:

2012/2017 series I
2012/2017 series II
2012/2017 series III
2012/2017 series IIII
2013/2018 series I
2013/2018 series II

The terms of the warrants issued under the above mentioned programs shall be changed so that the warrants may be registered with Euroclear Sweden AB in accordance with the Act (1998:1479) on Account Keeping of Financial Instruments and that warrant certificates consequently do not have to be issued by the Company. Furthermore, the terms of the warrants shall be changed in such other minor ways allowing the company to minimize its administrative burden and cost due to the warrant programs, no such changes being to the disadvantage of the warrant holders or to the shareholders in the Company.
