

Surgical perfection. For life.

Introducing **imagiQ2™ OFFICE**

Improving productivity and setting the low-dose standards in the Office

The STILLE **imagiQ2 OFFICE** surgical imaging table is the ultimate solution for the Office Based Lab. The STILLE **imagiQ2 OFFICE** represents an important advance in enabling low-dose procedures, and is optimized for use in Office Based Labs with needs of high productivity.

Moving the patient with the tip of your fingers

The True Free Float® technology* of the STILLE **imagiQ2 OFFICE** gives you unprecedented control and freedom of movement in any desired direction while providing state-of-the-art smoothness like an extension of the surgeon's hand, allowing for shorter procedure times and higher efficiency in the OR. The **imagiQ2 OFFICE** table offers a longitudinal travel length of 35.4" / 90 cm making it ideal for efficient peripheral runs.

The low-dose enabler for the Office Based Lab

The unique high-performance carbon fiber table top*, provides unbeatable transparency of 0.4 mm Al equivalency, enabling the C-arm to reduce the radiation dose without compromising image quality.

*Patent pending

0.4 mm Aluminum Equivalency

Optimizing C-arm capabilities in the Office Lab

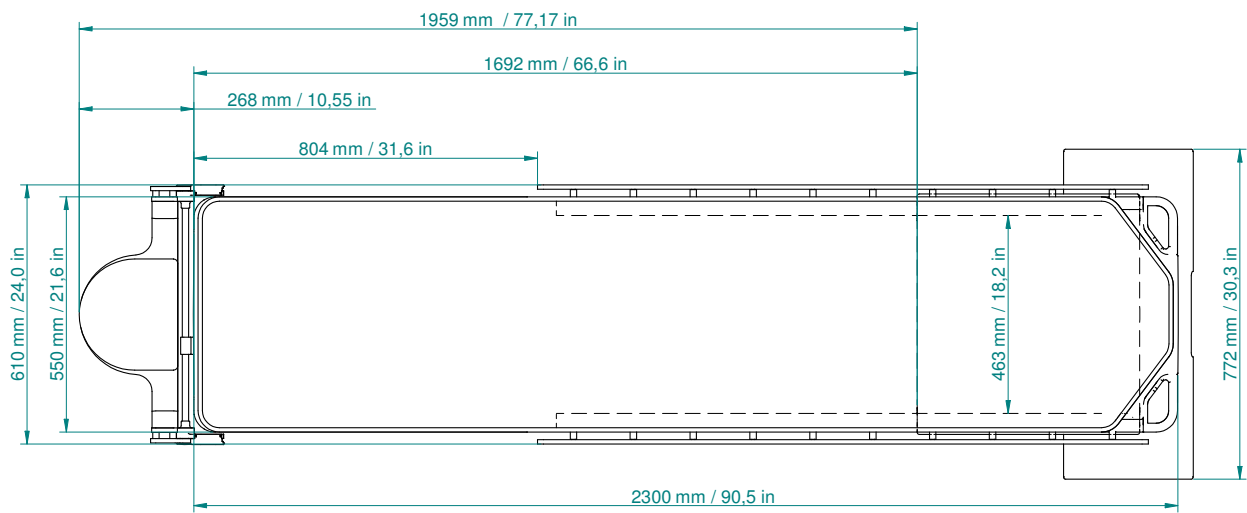

With its ultra-slim design and super-low base, the **imagiQ2 OFFICE** enhances C-arm access, making it the ideal C-arm complement for the mobile office suite. Furthermore, the low dose table top of the STILLE **imagiQ2 OFFICE** contributes to avoiding C-arm overheating. The table also offers best-in-class height elevation to enable the patient to get as close to the C-arm as possible, to produce outstanding imaging in-line with the ALARA principle: As Low as Reasonably Achievable.

STILLE imagiQ2 OFFICE

- True Free Float® allows smooth longitudinal (35.4" / 90 cm), lateral (9.9" / 25 cm) and diagonal (36.8" / 93.5 cm) movements.
- Translucent length: patients as tall as 6'5" / 196 cm can be fully imaged.
- 360° unobstructed translucent length: 3'6" / 107.2 cm with headrest (2'7" / 80.4 cm without headrest)
- 15 degree Trendelenburg
- Height elevation 43"/109 cm.
- Patient weight capacity: 215 Kg (474 lbs).
- Low-dose enabler carbon fiber table top with 0.4 mm Aluminum Equivalency
- Accessories to fit the needs of the Office
- Approved for surgical procedures

Product specifications of the Stille imagiQ2 OFFICE

Feature	Description
Patient weight	474 lb / 215 kg
Table top length , width	L= 90.5" / 230 cm ; W= 21.6" / 55 cm
Translucent length	77.17" / 196 cm with headrest (66.6" / 169.2 cm without headrest)
Translucent table top	Proprietary, patent pending carbon fiber structure. Al 0.4
Float lock	Stille quick-lock system
Float (longitudinal, lateral, diagonal)	35.4" x 9.9" x 36.8" / 90 cm x 25 cm x 93.4 cm
Operation conditions	100% continuous
AC power: 100-250 Volts	Direct AC power + battery DC power
Length, width, height	L = 92" / 234 cm; W = 30.3" / 77.2 cm; H = 28"- 43" / 71-109 cm
Trendelenburg	±15°
Wheels and steering	4 swiveling back wheels and a guiding 5th wheel
Side rails	Fixed along 2/3 of the table top
Exchangeable table top	Yes, future-proof platform for extended use
Transport handle	Yes, Black
Iso-roll	No
