- that five (5) Board members shall be elected without any deputy members;

- that the Board members Lars-Erik Nilsson, Charlotta Falvin, Martin Gren, Olle Isberg and Göran Jansson shall be re-elected,
- that Lars-Erik Nilsson be re-elected Chairman of the Board,

It is to be noted that Öhrlings PricewaterhouseCoopers AB, with Authorised Public Accountant Bertil Johanson as Senior Auditor, was elected as Auditor at the Annual General Meeting in 2007, for a period of four years.

The Board of Directors proposes that the fees to the auditor are paid against approved invoices.

Proposal regarding principles for determining salaries and other remuneration to the President and other members of the company management (Item 13)

The Board of Directors proposes the following principles for determining salaries and other remuneration to the President and other persons in the company management.

Remuneration to the President and other persons in the company management (that is, the seven persons who jointly with the President comprise the Group Management) comprises basic salary, variable salary and pension. Other benefits and other remuneration are received on the same basis as for other employees.

The objective of the Company's remuneration policy for the members of the senior management is to offer compensation that promotes retaining and recruiting qualified expertise to the Company. The basic salary is determined on the basis that it should be competitive. The absolute level depends on the specific position and the individual's performance.

Bonus to the President and the other members of the senior management is based on financial goals for the Group and is calculated as a function of the sales growth and the operating margin. The bonus to the President is maximized at 240 percent of the annual salary (for 2008) and for the other members of the senior management the highest individual bonus amount is a maximum of 100 percent of the annual salary (for 2008). The pension age for the President is 65. Pension premiums shall amount to 35 percent of pension-based salary up to 28.5 base amounts. A premium of 25 percent is paid for salary exceeding 28.5 base amounts. The ITP agreement is applied for the other members of the senior management, with a pension age of 65.

In the event of termination of employment, a six-month mutual termination period applies for the President. In termination of employment of the President by the Company, severance pay corresponding to twelve cash monthly salaries is paid after the close of the termination period. Other income is not deducted from the severance pay. In the event of termination notice by the President, no severance payment is made.

Between the Company and the other members of the senior management, a mutual termination period of three to six months applies. In the event of termination by the Company, severance pay corresponding to six cash monthly salaries is paid to certain other members of the senior management, whereas other

members of the senior management are not entitled to severance pay. In the event of termination by any of the other members of the senior management, no severance payment is made.

Deviations from the principles specified above may be decided by the Board of Directors, if there are specific reasons in individual cases.

Proposal regarding the procedure for appointing the members of the Nomination Committee, etc. (Item 14)

The Board of Directors proposes that the Annual General Meeting resolves that the procedure currently applicable for appointing the members of the Nomination Committee, etc., shall also apply for 2008, that is, that members of the Nomination Committee shall be appointed in accordance with the following:

The three largest shareholders in the Company as of August 31 of the year before the Annual General Meeting shall, on September 30 the year before or at the latest six months before the Annual General Meeting, elect a representative each as a member of the Nomination Committee. The Nomination Committee shall then internally elect one of the members as the Chairman. In the event that any of the three largest shareholders waives its rights to elect a representative to the Nomination Committee, the fourth largest shareholder shall instead elect a representative or, if the fourth largest shareholder also declines, the shareholders shall thereafter, in a descending order, elect a representative until three representatives are appointed. In the event that a member leaves the Nomination Committee before the work of the Nomination Committee is completed, the shareholder that appointed that member shall appoint a new member. In the event that this shareholder declines to appoint a new representative, the fourth largest shareholder shall instead elect a representative or, if the fourth largest shareholder also declines, the shareholders shall thereafter, in a descending order, elect a representative until a new representative is appointed.

The Nomination Committee shall draw up and present proposals to the Annual General Meeting for resolution on the following matters:

1. Election of the Chairman of the Meeting.
2. Determination of the Board of Directors' fees.
3. Election of the Chairman and other Board members.
4. Any proposals for changes in the procedures for appointing the Nomination Committee.

No fee is to be paid to the Nomination Committee. However, the Company is responsible for all reasonable costs related to carrying out the Nomination Committee's assignment.

Proposal for an authorization to the Board of Directors to decide upon new issues of shares (Item 15)

The Board of Directors proposes to the Annual General Meeting that the Board of Directors be authorized, during the period until the next Annual General Meeting, to decide upon, on one or more occasions, new issues of shares totaling not more than 6,868,000 shares. In this regard, the Board of Directors shall have the right to waive the preferential rights of shareholders and the provision stated in Chapter 13, § 5, paragraph 1, item 6 of the Swedish Companies Act. The authorisation does not permit a cash issue. The issue price for the new shares shall, in each instance, be set as close as possible to the market price of the Company's share. The Board of Director's further proposes that the Board or those

appointed by the Board shall be authorised by the Meeting to make the minor amendments to the Annual General Meeting's resolutions that may prove necessary in relation to registration at the Swedish Companies Registration Office.

The purpose of the authorization is to enable corporate acquisitions to be made with payment entirely or partly in Axis shares. Full exercise of the authorization would result in a maximum dilution of the Company's share capital of 9.9 percent (excluding possible dilution that may result from the exercise of those warrants that entitle the holders to subscribe for shares during the valid period of authorization up until the next Annual General Meeting, that is warrants 2000/2010, which dilution could amount to a maximum of 0.23 percent).

Majority required for approval

The Annual General Meeting's approval in regard to item 15 is valid only if supported by shareholders representing at least two thirds of both the votes cast and the shares represented at the Meeting.

Documents available prior to the Annual General Meeting

The Annual Report and Auditors' Report and other documents that will be put forward to the Meeting according to item 7 of the proposed agenda will be available at the Company's head office at Emdalavägen 14 in Lund, Sweden, as from April 3, 2008 and will be sent to shareholders upon request.
