SOTKAMO SILVER HAS BEEN GRANTED A BUILDING PERMIT FOR THE CONSTRUCTIONS OF THE BUILDINGS OF SILVER MINE

The municipality of Sotkamo has granted Sotkamo Silver building permits for concentrating plant, office, laboratory and maintenance buildings at Silver Mine area. Total effective floor area will be 5700 m² and total volume about 60 000 m³. The Silver Mine project has already received mining license, mine safety-permit and environmental-permit for the Silver Mine.

The Company has access to the land area of the Silver Mine and owns about the 20 km long power-line, which leads to the area. The underground access, ventilation-rise and production- tunnel down to the -350 meters below surface is already constructed and in place. With this granted building permit Sotkamo Silver has now the possibility to start the construction-works at the Silver Mine area

"I am really satisfied that the most important of the important permits is now received and the construction-work can start as soon as financing is in place. Above mentioned permits and already accomplished underground constructions and investments give us a great economically and time wise advantage when construction starts. My team and I are working hard to get the project financed and into production. Our target is that construction works can start before year end 2014", says CEO Timo Lindborg, Sotkamo Silver AB.
