Change in the publication time of Componenta Q2 2014 interim review

Componenta will publish its interim review for January - June 2014 on Monday, 4 August 2014 instead of 16 July 2014 as announced earlier.

At the beginning of the year Componenta started the financing arrangements aiming to refinance the company's interest-bearing debt with new long-term financial instruments. The mentioned process is demanding a lot of resources and may include also capital market operations. Due to these reasons the company will change the publication time of the interim report for the second quarter of 2014 from 16 July to 4 August.
