### MANAGEMENT REPORT

### **General information**

### **Type of Business**

During the reporting period the Valmiera Glass Group includes the JSC "Valmieras stikla šķiedra" and its' subsidiary Valmiera Glass UK Ltd in Great Britain (further in the text – Group). The main profiles of JSC "Valmieras stikla šķiedra" are glass fibre research, development, manufacturing and sales. JSC "Valmieras stikla šķiedra" manufactures glass fibre and glass fibre products from two types of glass (E-glass 600°C, SiO<sub>2</sub>-glass 1000+°C). These can be used for further processing, for technical (electro, thermal and sound) insulation materials, as well as ready-made building and mechanical engineering materials et al.

The subsidiary company Valmiera Glass UK Ltd, which has more as 80 years' experience in textile processing of glass fibre, produces the glass fibre products for the aviation industry, thermal insulation and architecture. Valmiera Glass Group positions itself as a vertically integrated supplier of different composite materials for the aviation industry, architecture and other branches – from glass fibre production to impregnated / reinforced fabrics.

### Groups' activities of the reporting period

The Group has had a profitable first six months of the year, reaching the consolidated net profit of EUR 3.94 Million as well as the consolidated net turnover of EUR 57.64 Mill.

Analysing the further perspectives of the Group, 2014 were activities undertaken to establish the Valmiera Glass USA Corp. in the United States of America. The management of JSC "Valmieras stikla šķiedra" is in conversations with the public institutions of USA to solve formalities needed for the business launch. For the time being it's considered that Valmiera Glass USA Corp. could start active production in the first quarter of 2015. The management of the Group has planned to invest USD 6.5 Mill. (EUR 4.8 Mill.) in the first step for the launch of the new factory producing the high added value glass fibre products.

The foundation of a company in the USA is a next step of the business development. Each year the sales volume in North-America grows. For example 2013 (compared to 2012) the sales volume grown to 36%, exporting 14% of the company's sales straight to USA and Canada. Through the foundation of the company in USA the production will be more comfortably accessible to the clients, the terms of delivery will be shorter, in long-term the profitability of the company will grow and the partnership with the most important clients will be closer.
