AUGUST

The company's subsidiary established Pastatų Priežiūra UAB, legal entity registration number 303363198. The establishment of the company is related with potential expansion in Lithuanian market.

2. ACTIVITIES IN LITHUANIA

Apartment buildings maintenance

Maintenance of apartment buildings remains the most important area of the Group companies' activities on the Lithuanian market. The quality of the provided services and customer care was further improved and developed.

During the first half of 2014 the Group companies continued to implement the heat saving measures in apartment buildings according to the "5 steps heat saving programme".

Great attention was dedicated to the Mano būstas facility maintenance standard, which was introduced last year and which ensures the overall maintenance of a building: impeccable functioning of engineering equipment, efficient use of energy resources, quick response to emergency situations 24/7 and smaller dwelling maintenance costs.

During the first half of the year the number of unique visitors of self-servicing portals grew significantly. Compared to the same period of the previous year, the growth exceeded 25 per cent and reached more than 30 thousand visitors per month. In addition, the community portals in the social networks, administered by the Group companies, have been getting more and more popular.

A Group company Mano būstas continued implementing apartment building renovation projects according to the JESSICA programme - at present 170 apartment buildings participate in the programme, real renovation works are in progress in 5 buildings, 34 tenders for construction works have been announced.

At present the total area of apartment buildings, maintained by Mano būstas in Lithuania exceeds 8.4 million sq. m.

Commercial facility management

The Group companies continued to strengthen their positions in the area of management of commercial and public facilities. The customer base was extended - about 40 new contracts and agreements were signed. A good deal of the contracts is of exceptional significance, dealing with the objects, requiring specific and especially highly qualified service: airplanes maintenance centre in Kaunas, buildings of religious purpose, Rupert Art and Education Centre in Vilnius.

During the first half of 2014 the total area of the commercial, industrial and public facilities, maintained by the Group companies grew up to 3.2 million sq. m.

This year the Group companies commenced providing complex facility management services to the following companies: BLOK, Eika, Profista, Fresh Market, Lesto, Girteka, Vilnius International Airport, etc.

In the second half of the year the Group companies are going to continue to expand the customer base, dedicating especially great attention to implementation of energy efficiency services in different facilities, maintained by the Group. During the last year, more than LTL 6 million was saved at the objects, in which energy saving solutions had been implemented.

Security services

The Group company Mano Sauga increased the number of supervised objects and signed several important new contracts. The company commenced provision of security services to Business Centre 2000 and shopping centre Flagman.

The Group company supervises 2800 objects and, in the second half of this year, plans to increase their number up to 3000.

The Group company provides security services to natural persons and legal entities and services residential, commercial and public facilities. The security services package includes video surveillance, patrolling and technical maintenance. In addition, individual security solutions are offered. Mano Sauga is going to continue dedicating significant attention to new and innovative security solutions and will actively develop the video surveillance services.

Territories maintenance and cleaning

The Group company Mano aplinka continued its active development by increasing the sales of services. In the first half of the year the company won the tender for territory maintenance services, announced by the Directorate of the State Cultural Reserve of Vilnius Castles and signed the contract for the time period of 12 months.

The Group company won the tender for maintaining the territories during the events of the Song Celebration.

The company expanded the number of maintained apartment buildings' staircases. Active sales were performed in Klaipėda, Kaunas, Šiauliai and Biržai. The company invested into acquisition of new equipment and expanded the range of its services.

In the second half of the year the company is going to continue active expansion in the area of cleaning of apartment buildings' staircases and territories, improve the quality of cleaning of commercial facilities and maintain the objects, administrated by its subsidiaries.

Elevators maintenance and renovation

The Group companies increased the volumes of elevators maintenance and renovation activities - the companies Baltijos Liftai and Šiaulių Liftas increased the number of serviced elevators from 1354 up to 1481.

The segment of services, relating to installation and modernization of elevators was strengthened - the companies installed 20 new elevators and 26 lifting devices, and performed a partial modernization of two equipment units.

In the first half of the year the Group companies commenced providing lifting equipment maintenance services to the company Palink, which owns IKI supermarkets throughout Lithuania.

The company Šiaulių Liftas for the first time manufactured its own product and exported it to Latvia.

In June the transaction of sales of 100 per cent of stock of the Group company Baltijos Liftai was finalized. After completing the transaction, starting from 30 June, City Service and its subsidiaries are no longer engaged in elevators maintenance activities.

3. ACTIVITIES IN POLAND

When strengthening its positions on Poland's market, the Group commenced providing new facility maintenance and repair services. For this purpose a new company City Service Grupa Techniczna (CSGT) was launched.

At present CSGT administers apartment buildings, as well as objects of private, commercial and public sector, the total area of which is more than 212 thousand sq. m.

The company Zespół Zarządców Nieruchomości (ZZN), acquired by the Group in 2012, continued increasing the area of maintained facilities, which, during the first half-year, grew almost by 207 thousand sq. m.

The main area of activities of ZZN in Poland is administration of apartment buildings and production and supply of heating.

At present the total area of facilities, maintained by the Group companies reaches 9.4 million sq. m. In the second half of this year the Group companies plan to continue their organic development, offer cleaning services and engage in retail sales of electric energy.

4. ACTIVITIES IN LATVIA

The Group company Riga City Service continued cooperating with Latvia's state enterprise Latvenergo. The company is going to continue maintaining the engineering systems in all of Latvenergo's facilities. In the first half of the year the Group company commenced providing ventilation and air conditioning systems maintenance services to Latvia's State Supply Agency. The area of maintained facilities is 100 thousand sq. m.

This year the company took an important step, by commencing provision of maintenance services to apartment buildings, which will be the priority area for the second half-year. The company plans to significantly increase the number of serviced apartment buildings.

At present the area of facilities, maintained by Riga City Service reaches 615 thousand sq. m.

5. ACTIVITIES IN RUSSIA

In the first half of the year the Group companies extended the scope of their activities in Russia and signed long-term contracts for technical maintenance of commercial facilities. The first customers were the owners of a logistics terminal and business centre, the total area of maintained commercial facilities amounts almost to 85 thousand sq. m.

At present the Group companies service apartment buildings in six administrative areas of Russia. The total area reaches 2.98 million sq. m. and, during the half-year, increased by 5000 sq. m.

Starting from 1 September 2014, the Russian Federation is going to adopt legal acts, foreseeing licensing of the apartment buildings administration activities. All the active administrators will have to obtain the licence till the middle of 2015.

The post-legislative acts, establishing the procedure of licensing, are going to be adopted before the entering into effect of the law. It is forecasted that the new procedure will increase the business administration costs and reduce the competition on the market. The apartment buildings administration market in Saint-Petersburg is viewed as an especially stable one therefore no significant adverse effect on the Group subsidiaries' activities as the result of licensing is expected there.

In the second half of the year the Group companies plan to continue the organic expansion of their activities and attract new customers both in the apartment buildings and commercial facilities segments.

In order to ensure cost-efficiency and improve quality of the services, the Group companies continue successful implementation of the LEAN processes.

6. ACTIVITIES IN SPAIN

During the first half of 2014 the Group continued its active expansion and, in May, acquired the company Administraciones Santa Pola S.L., which services about 211 thousand sq. m. area of apartment buildings in the Alicante region. In 2013 the revenues of the purchased company reached EUR 115 thousand, the turnover of managed contractors amounted to EUR 1.4 million. The company was purchased for the amount of EUR 90 thousand.

The Group company signed several new contracts and commenced maintaining Spain's radio and television headquarters as well as the police department's buildings.

The LEAN solutions are further actively implemented within the company - especially large attention is also going to be dedicated to this direction in the future. The most important priority is involving the managers and other staff into the LEAN processes.

In the second half of the year the Group company plans to continue its active expansion on the market of maintenance of commercial facilities and apartment buildings. In addition, new companies are planned to be acquired.

At present the total area of the maintained facilities reaches 6.5 million sq. m., the area of cleaned objects and maintained territories - more than 1.4 million sq. m.

The Group companies, operating in Spain, are engaged in maintenance of commercial, public, industrial facilities and apartment buildings, and also provide cleaning and territories maintenance services.

7. INCREASING OF PERFORMANCE EFFECTIVENESS

The LEAN solutions are continued to be implemented throughout the Group. In the first half of the year the amount of personnel, involved in the processes was 10 per cent larger than last year.

The activities efficiency improvement in the Group companies, operating in Lithuania resulted in the situation where the indicator of residents' satisfaction with the companies' activities is growing for five years in a row. Such data was revealed by the traditional survey of the residents' opinion, which was performed in the first half of the year.

At present the LEAN division, established within the Group is one of the largest in Lithuania, which shows that especially great attention is dedicated to the activity improvement processes. The LEAN methods have been successfully implemented not only within the Group. The Group's experts have been sharing the good practice with their customers, such as the shopping and entertainment centre OZAS and sports clubs network Impuls.

The Kaizen ideas are getting more and more popular throughout the Group. The employees are eager to provide suggestions on how to improve the activities within their companies. Compared with the first half of 2013, this year the number of Kaizen ideas grew by almost 60 per cent and reached 1286.

In the next half-year the Group companies are going to continue implementing new and improving the existing LEAN solutions not only in Lithuania, but also in Spain, Poland, Latvia and Russia.

8. EMPLOYEES

The Group's values are continued to be communicated throughout the companies. The Values Game was developed by the employees in cooperation with consultants from the company Implement Inscape. The game not only helps the employees to remember the company's values and observe them, but also contributes to development of closer relations and allows the managers to understand their subordinates better and vice versa.

In the first half of the year the project with the works superintendants, working in Kaunas region was commenced. The aim of the project is to assist the superintendants to set the everyday activity indicators, which they would discuss with the technical staff during everyday morning meetings. The personnel really appreciated the project, since each employee gets a possibility to see his/her co-workers' progress, discuss the problems, arising during the working processes and suggest solutions.

This year the training of facilities administration managers is further continued. In the first half-year the employees developed their qualifications by improving their knowledge of engineering systems, sales and customer care.

In addition, a training programme for works superintendants was developed. The employees are going to be trained to use the internal systems, improve their computer literacy and deepen their knowledge in the area of management.
