## ZALANDO PLANS IPO IN 2014

## Investment AB Kinnevik ("Kinnevik") today announced that Zalando will seek its initial public offering ("IPO") and listing on the regulated market (Prime Standard) of the Frankfurt Stock Exchange in 2014.

Zalando anticipates an offering of between 10 per cent and 11 per cent of total post-IPO capitalization. The offer, if pursued, is expected to consist solely of new shares from a capital increase of Zalando. Kinnevik currently owns $36 \%$ of Zalando.

In connection with the announcement, Zalando disclosed further descriptive and financial information, as well as a number of key performance indicators. For further information please refer to page 2-12 of this release and https://corporate.zalando.com/.
"Kinnevik is delighted about Zalando's plans to list on the Frankfurt stock exchange. We first invested in Zalando in 2010 and since then have invested cash of SEK 5.5 billion to become the company's largest shareholder. We look forward to continuing to work with Zalando's founders and management team, and to support their future growth ambitions after the listing" comments Lorenzo Grabau, CEO of Kinnevik.

Kinnevik discloses the information provided herein pursuant to the Securities Market Act (Sw. lagen om värdepappersmarknaden (2007:528)). The information was submitted for publication on 3 September, 2014 at 8.00 am (CET).

[^6]Site Visits defined as the number of series of page requests from the same device or source (either via website, m.sites, t.sites or apps) in the measurement period. A visit is considered ended when no requests have been recorded in more than 30 minutes.

Mobile Visit Share (\%) defined as the number of visits via m.sites, t.sites or apps divided by the total number of Site Visits in the measurement period.
16
Active Customers defined as the number of customers placing at least one order in the last twelve months in the measurement period irrespective of cancellations or returns.

Number of Orders defined as the number of customer orders placed in the measurement period irrespective of cancellations or returns. An order is counted on the day the customer places the order. Orders placed and orders delivered may differ due to orders that are in transit at the end of the measurement period or have been cancelled.
${ }^{18}$ Average Orders per active customer defined as Number of Orders of the last twelve months divided by active customers.
${ }^{19}$ Average Basket Size defined as the Gross Merchandise Volume (including gross merchandise volume from our partner program) after cancelations and returns that customers spend divided by the number of delivered orders in the measurement period. Gross Merchandise Volume is defined as the total amount spent by our customers (including VAT) less cancelations and returns in the relevant measurement periods.
20
Adjusted Marketing Cost Ratio defined as marketing cost as a proportion of revenue in the measurement period. Marketing cost mainly consists of advertising expenses including search engine marketing, television, online display and other marketing channels as well as allocated overhead cost. All numbers shown before SBC costs.
${ }^{21}$ Adjusted Fulfillment Cost Ratio defined as fulfillment cost as a proportion of revenue in the measurement period. Fulfillment costs mainly include logistics, content creation, service and payment expenses, as well as allocated overhead costs. Fulfillment costs therefore comprises all selling and distribution costs, except for marketing costs. All numbers shown before SBC costs.

[^2]:    ${ }^{2}$ Site Visits defined as the number of series of page requests from the same device or source (either via website, m.sites, t.sites or apps) in the measurement period. A visit is considered ended when no requests have been recorded in more than 30 minutes.
    ${ }^{3}$ Mobile Visit Share (\%) defined as the number of visits via m.sites, t.sites or apps divided by the total number of Site Visits in the measurement period.
    ${ }^{4}$ Active Customers defined as the number of customers placing at least one order in the last twelve months in the measurement period irrespective of cancellations or returns.
    ${ }^{5}$ Number of Orders defined as the number of customer orders placed in the measurement period irrespective of cancellations or returns. An order is counted on the day the customer places the order. Orders placed and orders delivered may differ due to orders that are in transit at the end of the measurement period or have been cancelled.
    ${ }^{6}$ Average Orders per active customer defined as Number of Orders of the last twelve months divided by active customers.
    ${ }^{7}$ Average Basket Size defined as the Gross Merchandise Volume (including gross merchandise volume from our partner program) after cancelations and returns that customers spend divided by the number of delivered orders in the measurement period. Gross Merchandise Volume is defined as the total amount spent by our customers (including VAT) less cancelations and returns in the relevant measurement periods.
    ${ }^{8}$ Adjusted Marketing Cost Ratio defined as marketing cost as a proportion of revenue in the measurement period. Marketing cost mainly consists of advertising expenses including search engine marketing, television, online display and other marketing channels as well as allocated overhead cost. All numbers shown before SBC costs.
    ${ }^{9}$ Adjusted Fulfillment Cost Ratio defined as fulfillment cost as a proportion of revenue in the measurement period. Fulfillment costs mainly include logistics, content creation, service and payment expenses, as well as allocated overhead costs. Fulfillment costs therefore comprises all selling and distribution costs, except for marketing costs. All numbers shown before SBC costs.
