## Arcam receives order for a Q20 system from France

Arcam, listed on NASDAQ OMX, has received an order for an EBM system from Airbus in France. The system will be used for the development and production of components for the aerospace industry.

"Our market within the aerospace industry continues to grow and this is another important order for us," says Magnus René, CEO of Arcam.

The above information has been made public in accordance with the Securities Market Act and/or the Financial Instruments Trading Act. The information was published on September 9, 2014.
