

PRESS RELEASE

Stockholm, October 7, 2014
Enea (NASDAQ OMX Nordic: ENEA)

Enea has signed a three year term contract, valued at 865 KUSD, with a leading telecommunications company

Enea and a large telecommunications company have signed a term contract valued at 865 KUSD, to be recognized as revenue evenly over the three years period of the contract. Enea will provide its middleware solution, Enea Element, for customer's new generation of switches.

Enea Element lowers the barriers for application development on complex distributed hardware, and provides the necessary functionality for mission critical applications in a network. When developing network applications, designers can focus on the differentiating features regardless of the underlying hardware architecture.

"This commitment continues to demonstrate the recognition of Enea as a global expert in connectivity and telecommunications", said Anders Lidbeck, President and CEO of Enea. "As this is a new customer of Enea, we look forward to a long and mutually successful relationship."

This information is such that Enea AB (publ) is to publish in accordance with the Swedish Securities Markets Act and/or the Financial Instruments Trading Act. The information was submitted for publication on October 7, 2014 at 08.45 CET.
