## INVISIO launches next generation X5 headset

INVISIO (IVSO) has today at AUSA in Washington launched the next generation of its highly successful INVISIO X5 headset. The new headset takes comfort, fit and durability to a new level. It will be available for volume shipping from the first quarter of 2015.

The extensively fielded and combat proven INVISIO X5 headset is a dual sided in-ear hearing protection headset that utilizes the patented INVISIO Bone Conduction Microphone Technology for crystal clear communications. The INVISIO X5 headset has industry leading hearing protection (32 dB SNR) and 360 degree situational awareness in a small and comfortable in-ear wearing style.

The new INVISIO X5 is an even smaller and fully ergonomic headset that easily fits all ear shapes. It is a true "One Fits all" headset and has been further improved in size and shape to offer maximum comfort during long periods of use. In addition the new INVISIO X5 has increased durability and ruggedness along with a new cable management system.
