## Order for EBM system from implant manufacturer

Arcam, listed on NASDAQ Stockholm, has received an EBM system order from an implant manufacturer in the US. The system will be used for production of orthopedic implants.

“We are happy to see a continued strong order intake from the orthopedic industry”, says Magnus René, CEO of Arcam.

The above information has been made public in accordance with the Securities Market Act and/or the Financial Instruments Trading Act. The information was published on October 16, 2014.
