## ÅF is awarded prestigious infrastructure assignment in Gothenburg

ÅF has in a public procurement process been awarded the assignment as technical consultant for project West-Link (Gothenburg) by Swedish Transportation Administration.

Total order value is estimated at 200 MSEK, of which a majority will go to ÅF and a minor part will be performed by Swiss company Basler Hofmann.

ÅFs assignment includes detailed engineering and to produce tender enquiry documents for the entire West-link project.

ÅF has earlier delivered one of the main phases for the West-Link, the assignment "Korsvägen - Railway station" where ÅF supported the Swedish Transport Administration with competence in many technical fields.

The Transport Administration's decision becomes legally binding 30 October 2014.

Corporate Information  
ÅF AB
