Arcam receives order for EBM system from Asia

Arcam, listed on NASDAQ Stockholm, has received an EBM system order from a university in Asia. The system will be used for implant components.

"This new order confirms again the importance of the quickly growing market in Asia", says Magnus René, CEO of Arcam.

The above information has been made public in accordance with the Securities Market Act and/or the Financial Instruments Trading Act. The information was published on November 11, 2014.
