

## Hiring of a Global Chief Innovation Officer

Today Ambu announces the hiring of Måns Barsne for a new established role at Ambu as Executive Vice President (Chief Innovation Officer). With this new position, Ambu will further accelerate the development of new innovative solutions for the hospital and emergency market.

Måns Barsne brings more than 20 years of medical device experiences from Siemens, St. Jude Medical and the last 17 years from Swedish Elekta AB latest in the position as Vice President R&D Neuroscience.

Måns Barsne will step into his new role as a member of Ambu's Executive Management Team and will commence his new position on January 5 2015.

### About Ambu

Since 1937, breakthrough ideas have driven our work to bring efficient healthcare solutions to life within our fields of excellence: Anaesthesia, Patient Monitoring & Diagnostics and Emergency Care. Millions of patients and healthcare professionals worldwide depend and rely on the functionality and performance of our products. We are dedicated to improving patient safety and determined to advance single-use devices. The manifestations of our efforts range from early inventions like the Ambu Bag™ resuscitator and the legendary BlueSensor™ electrodes to our latest landmark solutions such as the aScope™ endoscope – the world's first single-use flexible video scope. Our commitment to bringing new ideas and superior service to our customers has made Ambu one of the most recognised medico-technical companies in the world. Our head office is situated near Copenhagen in Denmark. Ambu employs approximately 2,250 people in Europe, North America, and the Asia Pacific.
