Corporate Release

H. Lundbeck A/S increases its share capital by 7,347 shares (0.0037% of outstanding shares) as a result of employee warrant exercise

Valby, Denmark, 18 November 2014 - H. Lundbeck A/S (Lundbeck) today announced that it has decided to increase its share capital by DKK 36,735, as a consequence of the exercise of employee warrants.

The increase is affected without any preemption rights for the existing shareholders of the company or others. The shares are subscribed in cash at the following prices per share of nominally DKK 5: 1,620 shares at DKK 121, 1,364 shares at DKK 115, 1,273 shares at DKK 102 and 3,090 shares at 97. Proceeds to the company are DKK 782,456 (approximately USD 131,727). The increase corresponds to approximately 0.0037% of the company's share capital.

The new shares are ordinary shares without any special rights and are freely transferable negotiable instruments. The new shares shall give rights to dividends and other rights in relation to the company from the time of registration of the capital increase, i.e. inter alia full rights to dividends for the financial year 2014. The new shares will be listed on NASDAQ OMX Copenhagen after registration with the Danish Business Authority. Lundbeck's current share capital amounts to DKK 981,907,640 and will after the capital increase be DKK 981,944,375. The capital increase is expected to be finalized shortly.

About Lundbeck

H. Lundbeck A/S (LUN.CO, LUN DC, HLUYY) is a global pharmaceutical company specialized in brain diseases. For more than 50 years, we have been at the forefront of research within neuroscience. Our key areas of focus are alcohol dependence, Alzheimer's disease, bipolar disorder, depression/anxiety, epilepsy, Huntington's disease, Parkinson's disease, schizophrenia, stroke and symptomatic neurogenic orthostatic hypotension (NOH).

An estimated 700 million people worldwide are living with brain disease and far too many suffer due to inadequate treatment, discrimination, a reduced number of working days, early retirement and other unnecessary consequences. Every day, we strive for improved treatment and a better life for people living with brain disease – we call this Progress in Mind.
