

Precise Biometrics signs algorithm license agreement with Synaptics

Precise Biometrics has entered into an agreement with Synaptics for licensing of Precise BioMatch™ Mobile.

The license agreement enables Synaptics to include Precise Biometrics fingerprint algorithm into their touch fingerprint sensors and solutions.

"The agreement with Synaptics strengthens our position as an independent vendor of fingerprint algorithms for mobile and other embedded devices. We have a proven track record of delivering fingerprint algorithms with industry leading performance. This agreement is an important step to further commercialize our fingerprint technology", says Håkan Persson, CEO of Precise Biometrics.

Precise BioMatch Mobile provides integration of fingerprint matching functionality for smartphones or tablets and is optimized for small touch sensors in mobile environments through a unique hybrid algorithm.

This press release contains information that Precise Biometrics is required to disclose pursuant to the Swedish Financial Instruments Trading Act (1991:980). The information was submitted for publication at 08.30 am on 11 December 2014.
