**Talvivaara to publish interim management statements  
instead of the first and third quarter financial reports**

Talvivaara Mining Company Plc's (the "Company") Board of Directors has resolved that the Company will release interim management statements in accordance with the Finnish Securities Markets Act, Chapter 7, Section 14 for the first three and nine months of the accounting year 2015 instead of the interim reports for the respective periods.

The reason for the change in the reporting practice is that the market value of the Company's issued shares and other comparable securities is less than EUR 150 million and therefore the pre-requisites for announcing interim management statements as set in the Ministry of Finance decree (1020/2012) are met.
