About Exiqon (for the media)

Exiqon operates in two business areas: Exiqon Life Sciences is a leading provider of flexible solutions for RNA analysis used by academia, biotech and pharmaceutical companies around the world to make ground breaking discoveries about the correlation between gene activity and the development of cancer and other diseases. Exiqon Diagnostics develops novel molecular diagnostic tests for early detection of cancer and treatment selection for patients based on gene activity analysis, using the tools developed by Exiqon Life Sciences. Exiqon is listed on the NASDAQ in Copenhagen. For more information about us, please visit www.exiqon.com
