

Press Release

Paris, (France), Copenhagen, (Denmark), February 6, 2015 - Onxeo S.A. (Euronext Paris, NASDAQ OMX Copenhagen: ONXEO) is an innovative company specializing in the development of orphan oncology drugs.

Articles posted on the internet refer to a social restructuring project at Therabel Lucien Pharma laboratory - a subsidiary of the Dutch group Therabel – ONXEO's (Euronext Paris, Nasdaq, OMX Copenhagen – ONXEO) partner for the commercialization of Loramyc® in Europe.

ONXEO cannot comment on this project at this time and it should be considered that the terms of the agreement remain unchanged.

As ONXEO has focused its growth strategy on medicines treating orphan oncology, Loramyc® is not a strategic product for the company, does not significantly contribute to its revenues nor results, and should not be considered as a significant factor in its valuation.

All information related to Loramyc®, including any change to its distribution channel, will be the subject of a communication in reference documents and semi-annual publications.

About Onxeo

Onxeo has the vision to become a global leader and pioneer in oncology, with a focus on orphan or rare cancers, through developing innovative therapeutic alternatives to “make the difference”. The Onxeo teams are determined to develop innovative medicines to provide patients with hope and significantly improve their lives.

Key products at advanced development stage are:

Livatag® (Doxorubicin Transdrug™): Phase III in hepatocellular carcinoma

Validive® (Clonidine Lauriad®): Phase II in severe oral mucositis: Positive preliminary top-line results

Beleodaq® (belinostat): registered in the US in peripheral T-cell lymphoma

Loramyc® is marketed through partnership agreements in Europe with the Therabel Group, in Southeast Asia with Handok, in China with SciClone Pharmaceuticals, in Japan with Sosei and in Iran with Shafayab Gostar.
