Important events and development

Delarka Fastigheter AB has listed their bond loan on NASDAQ OMX on November 11.

The property and the lease agreement

Delarka Holding AB (publ) is a Swedish holding company which through its subsidiary, Delarka Fastigheter AB, owns the property Solna Polisen 2, PostNord's headquarter in Stockholm. The building was completed in November 2003 and consists of approximately 39,000 m² of office space and around 14,000 m² parking space with approximately 450 parking spaces.

The annual rental income for 2014 is TSEK 92,449 and in addition the tenant pays 100 per cent of the property tax in respect of the property. Costs for heating, warm water, cooling, snow clearance and waste handling is included in the rent. Costs for water supply and sewerage is included in the rent up to what can be considered normal for office premises and the tenant pays for additional consumption as well as for costs for water supply and sewerage for restaurants, pool and exercise centre. The landlord has a subscription for high-voltage electricity and the tenant reimburses the landlord for the cost for PostNord AB's electricity consumption. The landlord is in general responsible for costs and investments connected to technical installations, building components etc. The Lease agreement is entered into for a fixed period and runs until 30 April 2026. Unless terminated by either party no later than 24 months prior to the end of the lease period, the Lease agreement will automatically be prolonged for a period of 5 years each time.

Market assessment and Analysis

The Management and Board of Directors have identified CBRE as a reliable source of relevant market assessments and analysis. For the period July to December 2014 CBRE reports the following:

So far during H2 2014, the rent trend is continuing to be stable or slightly increasing in most of the office zones in Stockholm. There is a sentiment on the market of a continuing rent increase during 2015 as a result of the small supply of premises in prime products. The current average prime rent in CBD is $4,500 \, \text{SEK/sqm}$ with a range of $+/-20 \, \%$.

The total office stock in Solna/Sundbyberg is approximately 1.4 million sqm of which the majority, 1.1 million sqm, is located in Solna.

Ranked as Sweden's most business friendly municipality in 2014, Solna continous to attract new companies. Solna is one of the most attractive locations in Stockholm and both Swedish and international companies choose to establish their business here. Some of the attracting factors are the proximity to Stockholm city, a large variety of cultural and sport events, good communication, high competence, and modern premises. Although the vacancy level has been relatively high during a longer time period between 10-12 per cent, a slight increase can be noted. This is a result of lettings made in newly produced properties mostly in Arenastaden and Frösunda. The current average prime rent is 2,300 sek/sqm, however levels above 2,500 sek/sqm have been noted. The rent spread is generally between 1,600-2,400 sek/sqm and year.

One of Scandinavia's most exciting areas is being developed in Arenastaden. The dominating property owner, Fabege, is developing the area around Friends Arena and the upcoming Mall of Scandinavia. They have started the construction of Scandinavian Office Building, totalling 42 000 sqm office space. TeliaSonera has signed a 15-

year lease for the whole space and will move in during spring 2016. The average base rent is approximately 2,300 sek/sqm.

Fabege has also started construction of Uarda building C, where Svenska Spel has signed a lease on 7 000 of the 20 000 sqm large office building. Construction is expected to be completed in the beginning of 2016. Furthermore, Fabege will start Uardia building B as Siemens has signed a lease of 10 000 of the total 17 000 sqm and the building is expected to be ready in the end of 2017. Thanks to the lease signed by SEB, Fabege will realize their plans to tear down the 3 000 sqm Pyramiden 4 and replace it and the parking lot next to it with a 67 500 sqm office building. SEB will move in to their new office spaces in Q2 2017.

In Ulriksdal, right next to the commuter train station, Peab has started construction of the 11 000 sqm office building "Distansen" in which Johnson & Johnson will lease 7 000 sqm starting Q1 2016. Peab is also marketing Ulriksdal "Silhoutte" along E4 which can potentially total 60 000 sqm divided on three buildings.

Skanska is planning to demolish kv. Tygeln 2, Gårdsvägen 7, and replace it with 45 000 sqm new office space. The project Solna United may be built in phases with the earliest moving in date during 2017. Currently, nothing is being built on speculation.

Humlegården has the possibility to build ca 30 000 sqm new office space on kv. Stenhöga, located close to Solna Strand.

Up until 2018, approximately 200 000 sqm of new office space will be added in Solna/Sundbyberg as a result of new constructions as well as comprehensive renovations. 90 per cent of these are already pre contracted.

GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Delarka is a real estate company, established in October 2013. The company owns a commercial property in Solna, Stockholm. The holding company, Delarka Holding AB, is a public limited company with its headquarters in Stockholm (Sweden). The company's shares are listed on the Nasdaq OMX First North under the ticker DELARK.

This interim report is prepared in accordance with IAS 34 - Interim Financial Reporting. The interim financial statements are prepared in accordance with applicable IFRS standards and interpretations. The accounting policies used in preparing the interim report is in accordance with the principles applied in the preparation of the annual accounts for 2013. The interim report presents condensed financial statements, and do not contain all the information required for full annual financial statements. The report should therefore be read in conjunction with the financial statements for 2013.

The financial statements include Delarka Holding AB and subsidiary Delarka Fastighet AB. Acquired properties are included in the financial statements from the acquisition.

Delarka Holding ABs business consists of ownership and management of the property Polisen 2, Headquarter of PostNord in Solna through its subsidiary Delarka Fastighet AB. No material differences in risks and returns exist in the economic environments in which the company operates. Consequently, the company is only present in one business segment and one geographic market, and no further segment information has been prepared.

Management makes estimates and assumptions concerning the future. The accounting estimates will by definition seldom be fully in accordance with the final outcome. Estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are primarily related to the valuation of investment property.

The interim report of Delarka Holding AB was approved at a Board meeting on 23rd of February 2015. This report has not been audited.

Stockholm 23rd of February 2015 Delarka Holding AB (publ) Organization number 556944-5843
