

Press release 2015-02-27

## Tender for surface tracking solution at Skandionkliniken shall be redone

As the result of a public tender, Skandionkliniken had chosen C-RAD to deliver surface tracking solutions for Patient Positioning, Motion Monitoring and Respiratory Gating. A competitor, however, filed an appeal in September 2014. The Administrative Court in Uppsala has decided that for the procurement of the surface tracking solution a new public tender procedure needs to be started. C-RAD has not been informed if Skandionkliniken will appeal that decision.

### *About C-RAD*

*C-RAD develops innovative solutions for use in advanced radiation therapy. The C-RAD group offers products and solutions for patient positioning, tumor localization and radiation treatment systems. End users are radiation therapy clinics worldwide. All product development is conducted in three fully owned subsidiaries: C-RAD Positioning AB, C-RAD Imaging AB and C-RAD Innovation AB, all of which are located in Uppsala, Sweden. Employees currently number 30. C-RAD's business originates from research and development at Karolinska Institutet in Solna, Sweden. Sales of the company's first product, the C-RAD Sentinel™, started in 2007. Cooperation agreements have been signed with Elekta (Sweden), Varian (USA) and IBA (Belgium). C-RAD is represented by distributors specialized in radiation therapy on major markets. C-RAD has established three companies for direct sales: C-RAD Inc. in the US, C-RAD GmbH in Germany and C-RAD WOFE in China. C-RAD holds 29% of the shares in laser company Cyrpa with an option to acquire the remaining 71%. C-RAD AB is listed on NASDAQ Stockholm.*
