

Eolus transaction with ewz and Aquila has been finalized

Hässleholm, Sweden, March 4th 2015

Today Eolus has finalized the deal with ewz and Aquila which was made public in January 2015. The fourth and final wind farm, Skalleberg, comprising of ten wind turbines with a total capacity of 18.4 MW has been handed over to the investors.

Wind farm Skalleberg in Hjo Municipality, consist of ten wind turbines of the models Vestas V90 and V100 with a total capacity of 18.4 MW.

The transaction includes a total of four wind farms consisting of 29 wind turbines, of which the investors took over the first three wind farms comprising of 19 wind turbines in January. The purchase price for the four wind farms totals EUR 95 million, all of which now have been obtained.

As part of the agreement, Eolus will deliver technical services to ewz during twelve years and administrative services during four years concerning all 29 wind turbines.
