### **ABOUT GENOVIS**

Genovis' business concept is to develop, produce and market innovative technologies that facilitate and enable development of new treatment methods and diagnostics for customers in the medical device and pharmaceutical industries. The Group consists of Genovis AB and the subsidiary GeccoDots AB. Genovis develops and sells unique enzymes in innovative product formats that facilitate development and quality control of biological drugs. GeccoDots uses nanotechnology to produce a new type of contrast agent that is used in medical imaging.

*Genovis shares are listed on Nasdaq Stockholm First North and Consensus is our certified advisor.
